1.1.1 REGISTER AS BASIC TEACHER

Click on the GET IT button on this banner to access the Basic Teacher registration menu.

Register to EDU

Nickname:

Password:

Confirm password:

E-mail: @

Remember me on this computer.

First name:

Last name:

Birth day:

Gender: Female Male

Country:

Type the code shown: 

I agree to the [Terms of Use](#)

Complete the fields found on the [registration](#) form.

The required fields are **Nickname**, **Password**, **Confirm password**, **E-mail**, and **Verification code**, and you must agree to the Glogster EDU **Terms of Use**.

Your **Nickname** and **Password** must be longer than **4 characters**. Otherwise, a prompt will appear, and you will not be able to finish [registering](#).

Other fields such as **First name**, **Last name**, **Birth day**, **Gender** and **Country** are not required, and can be filled out later from the [Edit my profile](#) menu.

Register to EDU

Nickname:

Password:

Confirm password:

E-mail:

Remember me on this computer.

First name:

Last name:

Birthdate:

Gender: Female Male

Note: Glogster recommends filling in all of the information during the [registration](#) process — if not, the system will automatically prompt you for information upon each subsequent login.

Choose the **Country** field, and other pop-ups according to geographic information will automatically appear.

Country:

State:

City:

District:

School:

Type the code shown:

I agree to the [Terms of Use](#)

Fill in additional fields with the **State**, **City**, **District** and **School** drop down menus.

If any information does not appear in the drop down menus, you can add the required information on your own.

When everything is properly filled out, click the **SIGN UP** button.

The system will redirect you to your personal [dashboard](#).

The dashboard shows the user's profile information: **teacher25852**, Online, John Lambert, Male, 42 years, United States. A notification says "Forget Blogging, try Glogging!". There are buttons for "Edit my profile", "View my profile", "Account settings", and "CREATE NEW GLOG". A progress bar indicates "0 % of your profile is ready". A section for "EDU BASIC" offers to "Compare Basic vs. Premium" and includes a license ID field. On the right, there is a "G 1" badge, "0 Glogs", and "0 Views".

1.1.2 REGISTER AS PREMIUM TEACHER

Click on the SUBSCRIBE button on this banner to access the Premium Teacher registration menu.

You will be directed to the price selection page.

Select \$11.95 /month to be charged \$11.95 monthly for your Premium Teacher account.

Select \$99 /year to be charged \$99 yearly for your Premium Teacher account.

SAVE CHANGES

Any changes to the [profile](#) need to be confirmed by clicking the **Save changes** button.

3.3 DESIGN MY PROFILE

From [Edit profile](#) menu, you can access the **Design profile** menu by clicking the **Design profile tab** shown below.

The **Design profile** menu contains the **Profile edit tool**, which can be used for changing your **Profile** look.

3.3.1 PROFILE EDIT TOOL

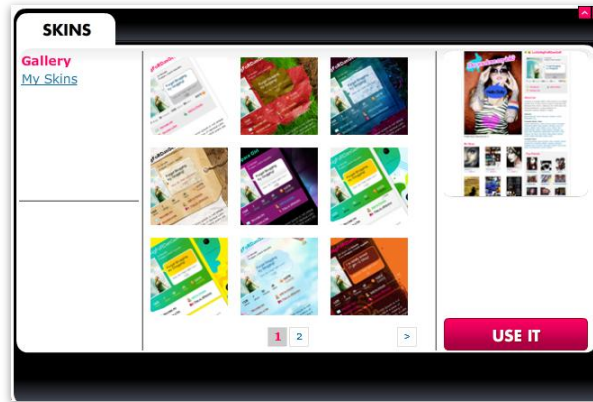

The **Profile edit tool** is located in the upper left corner of **Design profile** menu.

This tool contain from the **Skins tab**, and **Skin Maker** tab.

3.3.1.1 SKINS TAB

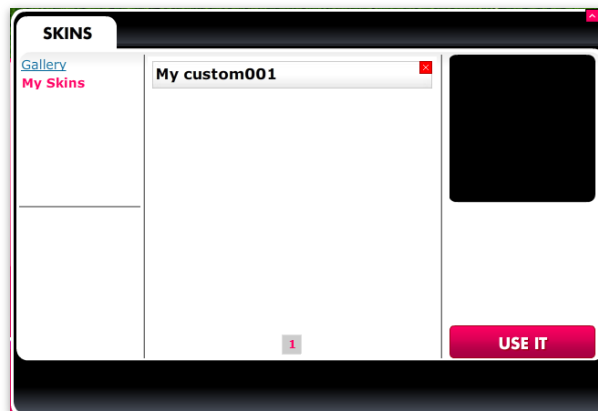

Click the Skins tab, and an additional Skins menu will appear.

This menu contains the **Gallery** of pre-created Profile skins. You can click on any of the pre-created skins, and use them by clicking the **Use it** button.

The appearance of profile will be changed according to selected skin.

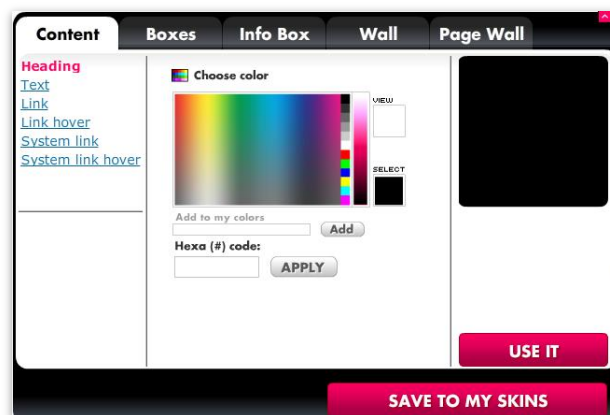

Next sub-menu of Skins Tab is **My skins**.

In this sub-menu are Custom skins created from [Skin Maker Tab](#) menu.

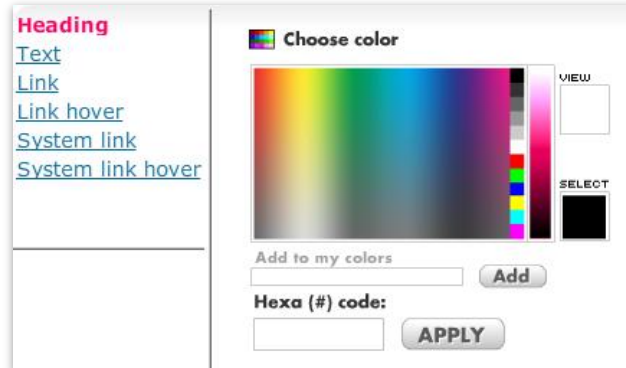

3.3.1.2 SKIN MAKER TAB

By clicking the Skin maker tab, an additional own customization menu will appear.

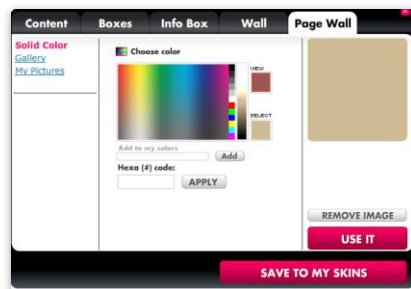

In the **Content** menu, you are able to change the color of individual elements according to content. The steps are identical for most of the menu tabs.

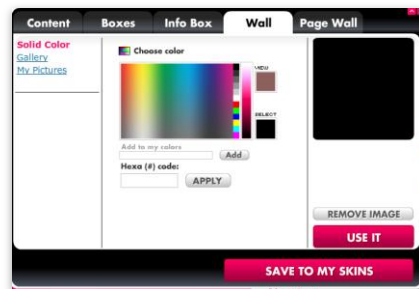

Example: Change the Contents heading color to specific color.

Click on the color tab field. After color is selected, click the **Use it** button.

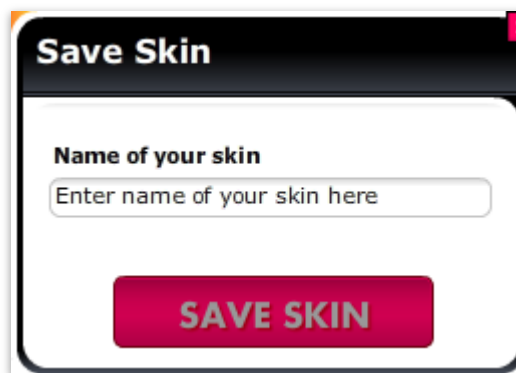

Informational: The **Wall** and **Page Wall** contains additional menus, including **Gallery** and **My Pictures**.

To learn about this additional content, navigate to the [Wall bar](#) content located under [All about glog](#) section.

When you are finished with editing, you can save the custom skin of Profile. Click the **Save to my Skins** button.

An additional pop-up will appear.

Fill the **name** of custom skin in the column, and click **save skin** button.

The skin will be saved into **My skins** located under [Skins Tab](#) menu.

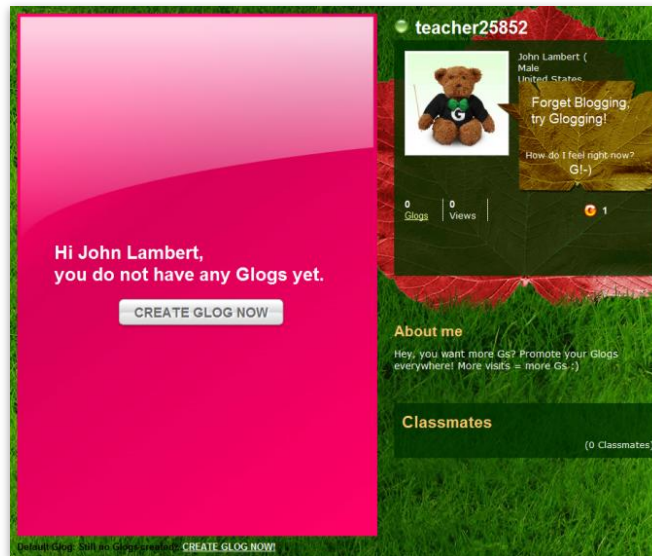

3.4 VIEW MY PROFILE

In the right upper corner of [My Dashboard](#) the [View my Profile](#) and [Account settings](#) links can be found.

Click the [View my profile](#) link to view the profile menu.

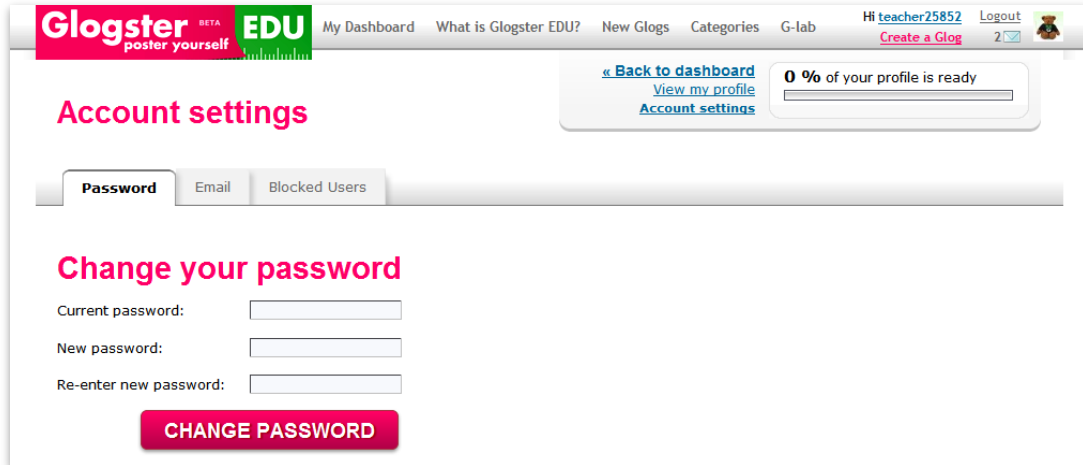

According to changes applied in [Design User Profile](#) menu, you can check your accounts skin.

3.5 ACCOUNT SETTINGS

In the right upper corner of [My Dashboard](#) are located the [View my Profile](#) and [Account settings](#) links.

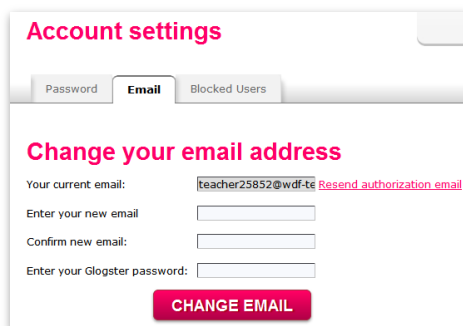

The [Account settings](#) menu contains the [Password](#) menu, [Email](#) menu and [Blocked users](#) menu.

3.5.1 PASSWORD

From the [Account settings](#) menu, change your password. Fill out the **Current password**, **New password** and **Re-enter new password** fields, and then click the **Change password** button.

3.5.2 E-MAIL

From the [Account settings](#) menu, change the email associated with your license. Fill out the **Current e-mail**, **New e-mail**, **Confirm e-mail** and **current password** fields, and then click the **Change e-mail** button.

Note: You need to finish the [account verification](#) process to be able to change your e-mail.

3.5.3 BLOCKED USERS

From the [Account settings](#) menu, you are able to see and remove the blocked users.

Users on this list are not able to send any [Messages](#) or [comment](#) Glogs of users who are blocking them.

Note: Information about how to block the users can be found under [Messaging](#) content.

3.6 STUDENTS

The **Students** menu is located on [My Dashboard](#). From this menu you can create and manage the students.

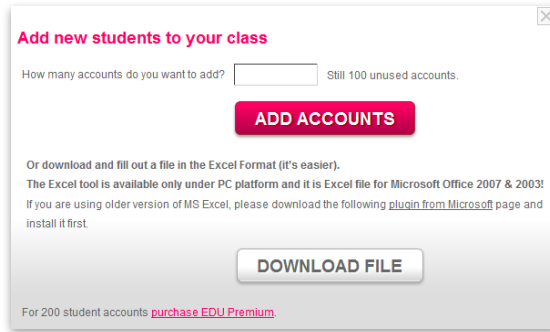

Number of students depends on your [Account type](#). An **EDU Basic** account and an **Edu Premium Trial** account can add up to **50** students. An **Edu Premium** account can add up to **200** students.

Edu School license account can have **multiple students**. This number is based on your [license quotation](#). For more information about the **School license**, navigate to the [School license](#) section.

3.6.1 ADDING STUDENTS

By clicking the **Add new students'** button, a pop-up will appear.

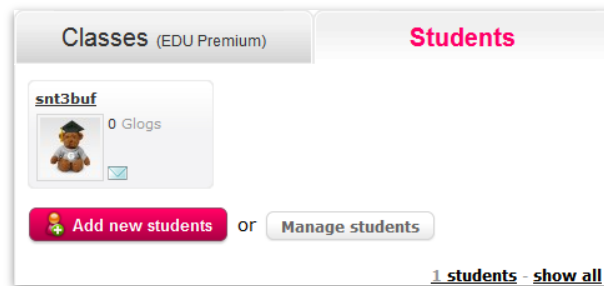

Generate students by inserting the number of students in the popup field, or import students via the Excel import tool.

3.6.1.1 ADDING STUDENTS ACCOUNTS VIA POP-UP

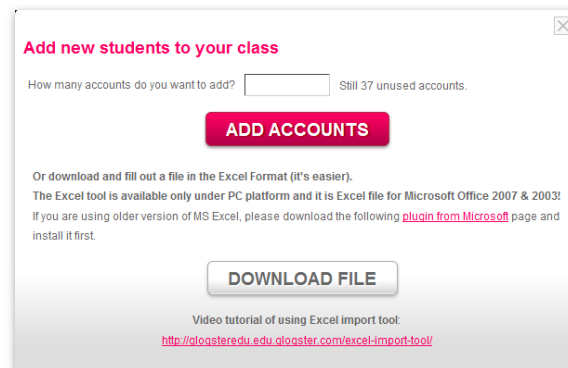

Enter the number of students into the pop-up field, and confirm the action by clicking the **Add accounts** button.

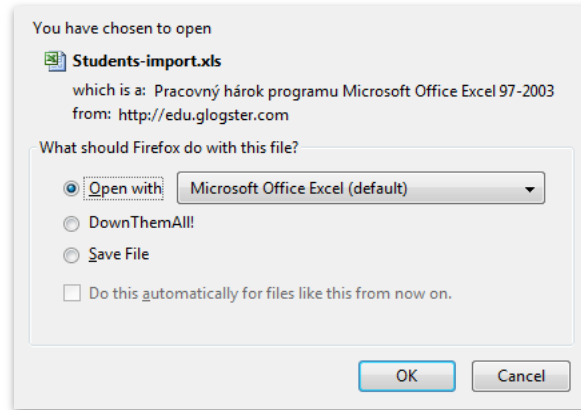

New students will appear in the **Students tab** located on [My Dashboard](#).

3.6.1.2 ADDING STUDENTS ACCOUNTS VIA EXCEL IMPORT

You can also import students via excel import tool.

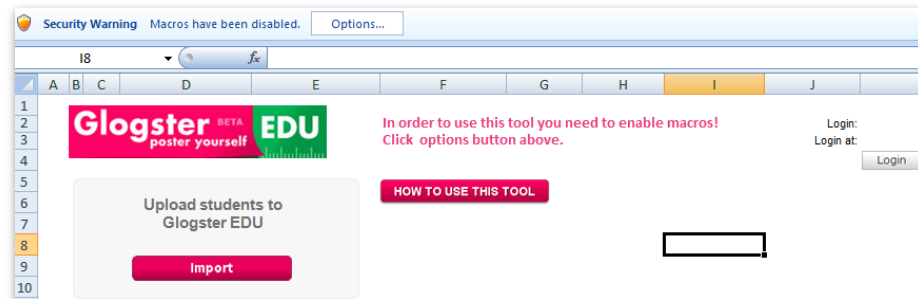

Click the **download file** button to download the excel import tool.

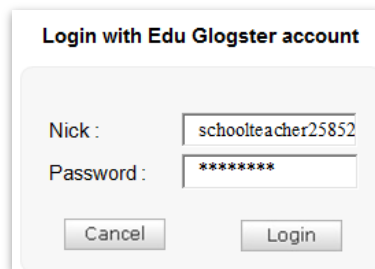

Click OK button to open the excel import sheet.

Attention: MS Excel 2007 & 2003 users may need to **unblock** the **Excel Macro** content.

Follow the instructions in sections [MS Office 2007 macro security](#) and [MS Office 2003 macro security](#) for further assistance.

Press **Login** button located in the upper right corner of **Excel import tool**.

Enter the **Nickname** and **password** information, and confirm by clicking the **Login** button.

When you've successfully logged in, the **Login** and **Login at** information will change.

Now, you can complete the fields.

Nick	
1.	Artworkstudent001
2.	Artworkstudent002

The **Nick** column is required and needs to be unique to each student.

First Name	Last Name	Grade	Gender
Mario	Lutson	1	m
Ivan	Dose	1	m
Susan	Lewins	2	f
Leon	Gordie	3	m
Peter	Grilli	4	m
Aleksey	Rembish	4	m
Marek	Palatinus	4	m
Filip	Hlinka	4	m
Franz	Rewilak	4	m
Igor	Timko	3	m

First name, Last name, Grade and **Gender** are not required, but recommended. When these fields are filled in, students will be generated with all information included visible in their [Profile](#).

Password

artwork001

artwork001

The **Password** field is not required. If you leave these fields blank, the system will automatically generate random passwords.

When complete click the **Import** button.

In order to use this tool you need to enable macros!
Click options button above.

Upload students to Glogster EDU

	Nick	First Name	Last Name	Grade	Gender	Password	Status
1.	Artworkstudent001	Mario	Lutson	1	m	artwork001	
2.	Artworkstudent002	Ivan	Dose	1	m	artwork001	
3.	Artworkstudent003	Susan	Lewins	2	f	artwork001	
4.	Artworkstudent004	Leon	Gordie	3	m	artwork001	
5.	Artworkstudent005	Peter	Grilli	4	m	artwork001	

Shortly, the fields will change color indicating that the data was successfully imported.

	Nick	First Name	Last Name	Grade	Gender	Password	Status	First Login Link
1.	Artworkstudent001	Mario	Lutson	1	Male	artwork001	Imported	http://edu.glogster.com/go/qh5u2n
2.	Artworkstudent002	Ivan	Dose	1	Male	artwork001	Imported	http://edu.glogster.com/go/4qqae
3.	Artworkstudent003	Susan	Lewins	2	Female	artwork001	Imported	http://edu.glogster.com/go/8gtyb2
4.	Artworkstudent004	Leon	Gordie	3	Male	artwork001	Imported	http://edu.glogster.com/go/96vmtk
5.	Artworkstudent005	Peter	Grilli	4	Male	artwork001	Imported	http://edu.glogster.com/go/w1bnwj
6.	Artworkstudent006	Aleksey	Rembish	4	Male	artwork001	Imported	http://edu.glogster.com/go/8q7y7e
7.	Artworkstudent007	Marek	Palatinus	4	Male	artwork001	Imported	http://edu.glogster.com/go/cbfff5
8.	Artworkstudent008	Filip	Hlinka	4	Male	artwork001	Imported	http://edu.glogster.com/go/lv9hz7
9.	Artworkstudent009	Franz	Rewilak	4	Male	artwork001	Imported	http://edu.glogster.com/go/9x1sxw
10.	Artworkstudent010	Igor	Timko	3	Male	artwork001	Imported	http://edu.glogster.com/go/zl8237

The Status field shows the student's status after import.

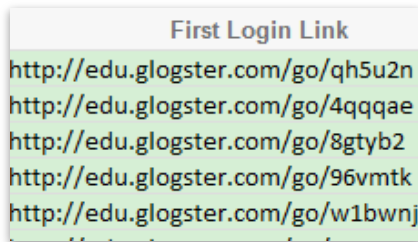

Status

Existent

If the Status field is pink, and reads **Existent**, it means that the **Nickname** is already taken. In this case, you need to change the **nickname** to another non-existing one, and import again.

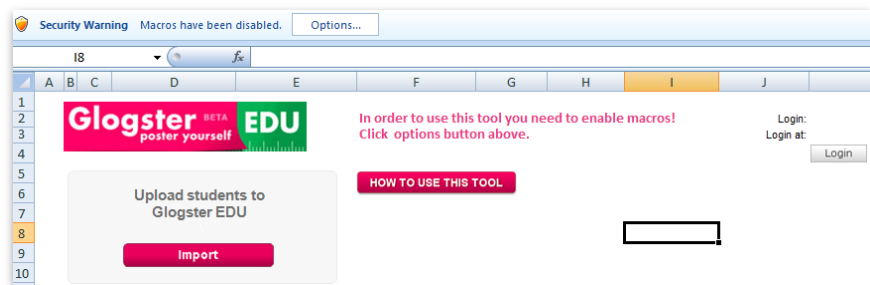

When the Status field is green, and reads imported, it means that the student has been created.

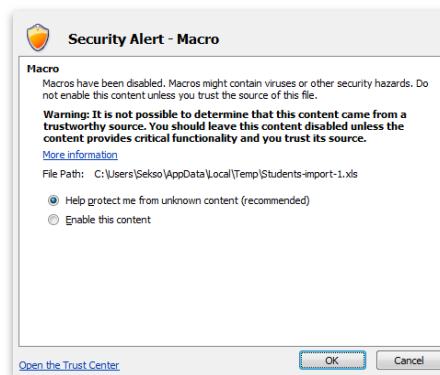

First login link is used for the first login for newly created student. Copy and, paste the First Login Link into the web browser and the **Student's account** will appear.

3.6.1.2.1 MS OFFICE 2007 MACRO SECURITY

If using the **MS Office 2007** version of excel, allow the Macros.

This can be done by clicking the **Options** button.

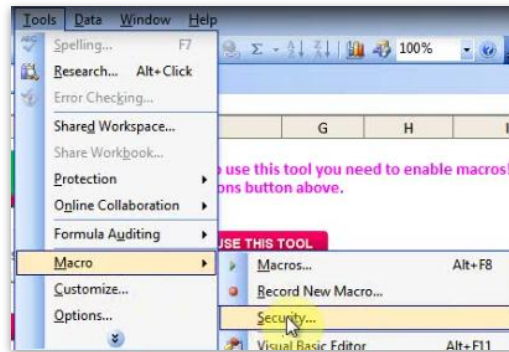

The Security pop-up will appear.

Select **Enable this content** and confirm by clicking the **OK** button.

3.6.1.2.2 MS OFFICE 2003 MACRO SECURITY

If using the MS Office 2003 version of excel, allow the Macros.

Click the **Tools** menu, navigate to **Macro tab**, and click the **Security tab**.

In the security menu, you can select the **Medium Security level**, and confirm by clicking the **OK** button.

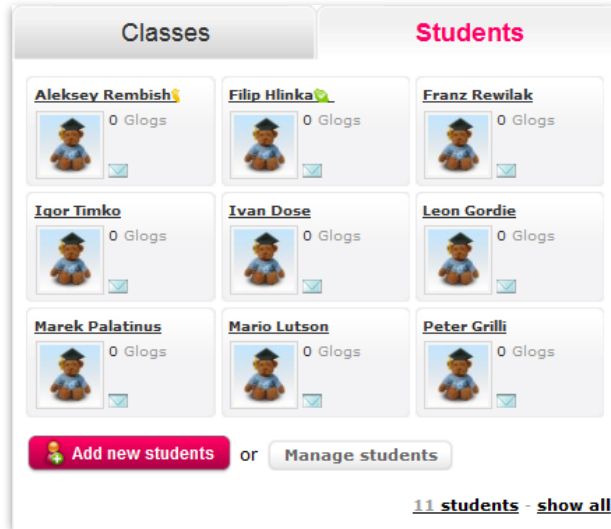

Select the **Medium Security level**, and confirm by clicking the **OK** button.

Each time the **Excel import tool** is opened, Excel will ask to **Enable** or **Disable** macros. Click **Enable Macros** button.

3.6.2 MANAGING STUDENTS

After successfully adding students, the Students tab on [My Dashboard](#) will reflect your updates.

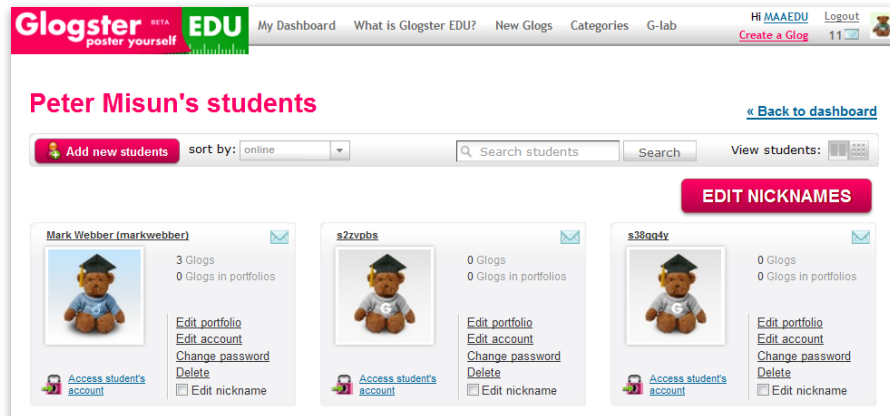

Additional editing of student accounts can be performed by clicking the **Manage students** button.

NOTE: Sometimes the students will not shown up in students tab immediately because of database replication. In this case, try to wait for cca. 15 minutes.

3.6.2.1 EDIT STUDENT ACCOUNTS

The **Edit Student** accounts menu appears.

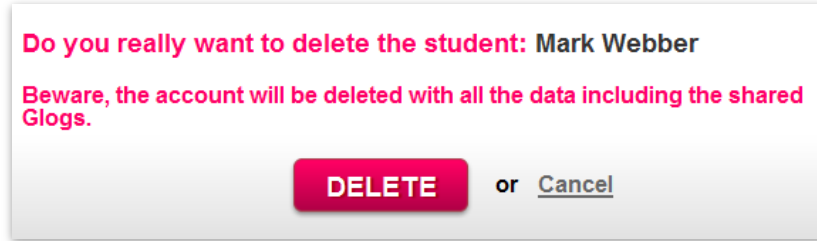

You are able complete actions required with the students from this menu.

3.6.2.1.1 DELETE STUDENTS

To **delete** student, click the **Delete** link.

A pop-up will appear verifying this action.

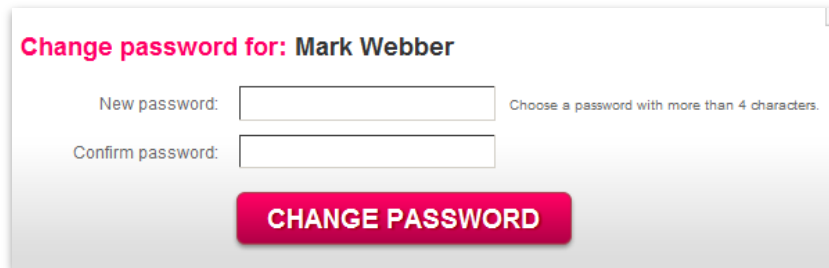

Student will be deleted by clicking the **Delete** button.

3.6.2.1.2 CHANGE STUDENTS PASSWORD

Click the **Change password** link, to change the **password** of a student.

A pop-up will appear. Enter the **New Password** and **Confirm password** fields, and confirm by clicking the **Change password** button.

NOTE: Sometimes the change will not work immediately because of database replication. In this case, try to wait for cca. 15 minutes.

3.6.2.1.3 EDIT ACCOUNT

Click **Edit account** link, to **edit** student's account.

The teacher will see the **Profile edit menu** of the student. For more information, navigate to [Edit my profile](#) section.

3.6.2.1.4 EDIT PORTFOLIO (EDU PREMIUM & SCHOOL LICENSE ONLY)

In the [EDU Premium](#) account, or if account is under a [School license](#), utilize Premium functions. **Edit portfolio** is a Premium Feature.

Click the **Edit portfolio** link or icon, to **edit a student** portfolio. For more information about this feature, navigate to the [Portfolios](#) section.

3.6.2.1.5 ACCESS STUDENTS ACCOUNT (EDU PREMIUM & SCHOOL LICENSE ONLY)

In the [EDU Premium](#) account, or if the account is under a [School license](#), utilize Premium functions. **Access student's account** is a Premium Feature.

Click the **Access students account** link located under student's avatar, The teacher will be redirected to the **Students account** page. The Teacher can update account in this mode as with his own account.

The Teacher can always return to his account by clicking the **Back to teacher account** link located on the navigation bar.

3.6.2.1.6 EDIT NICKNAMES (EDU PREMIUM & SCHOOL LICENSE ONLY)

In the [EDU Premium](#) account, or IF account is under a [School license](#), you can utilize Premium functionalities. **Edit nickname** of students is a Premium Feature.

Check the **Edit nickname** thick box located under student's box, to edit nicknames of Students.

When the **Edit nickname** thick boxes are checked, you will be redirected to **Edit nickname** menu by clicking of Edit nicknames button.

Enter new nickname field, and click the **Change nicknames** button, to change student nickname.

Nickname settings

Change your students' nicknames so that you can communicate more easily on Glogster EDU! For example, you are more likely to **recognize your students' profile, message or a Glog alert** if you edit their nickname to Mary Simmons rather than having glogster generated nickname sft89sdS.

Old nickname:

Full name:

Enter new nickname:

Please enter only **alphanumeric characters without spaces**. The nickname must be longer than 4 characters and shorter or equal than 30 characters.

CHANGE NICKNAMES

Are you sure you want to change these students' nicknames?

YES, CHANGE **CANCEL**

At confirmation popup will appear. Click **Yes, change** button, to confirm the change of the student's Nickname.

Student's nicknames has been changed successfully

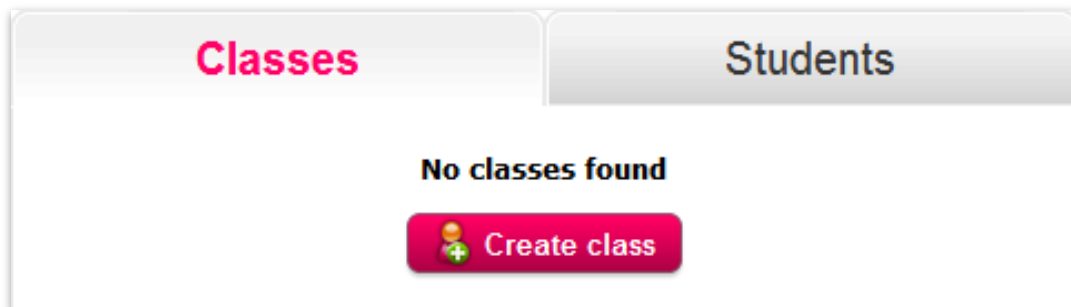

Add new students sort by:

artworkstudent01

Now, the **nickname** of selected student will be changed.

3.7 CLASSES (EDU PREMIUM & SCHOOL LICENSE ONLY)

Classes menu is located on [User Dashboard](#). From this menu, the teacher can create and manage the classes.

Click the **Create class** button, to access the class menu.

3.7.1 CLASS CREATION

Create class

Class name:

Class description:

You can upload GIF, JPG or PNG file

Class icon: (File size limit 5 MB)

School/organisation address
This information is automatically copied from your settings, but you can change it if needed.

Country:

State:

City:

School with address:

SAVE CLASS

The **Class name** field is the only field which is required to complete. Others fields are not required, but we recommended that you complete all of the fields.

Confirm the **Class creation** by clicking the **Save class** button.

3.7.2 MANAGING CLASSES

From the **Class menu**, you can view and manage the class.

 John Lambert (teacher25852)
Class teacher
In this class are students of artwork.

Classmates
There are no students in your class. Use the button below.
[Add students here](#)

3.7.2.1 CLASS SETTINGS

The **class settings** link directs you to the General menu of the class. The information can be changed using the same method described in the [Class creation](#) section.

3.7.2.2 DELETE CLASS

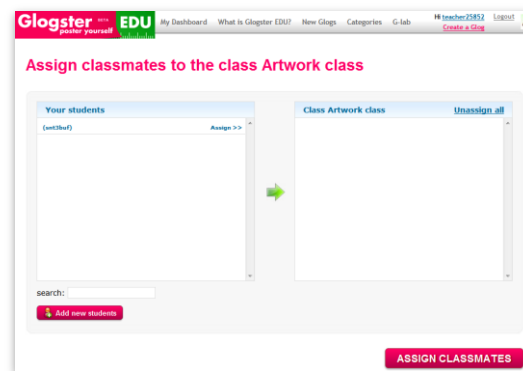

The **delete class** link will delete a class. **Attention!** : This action is not reversible and none of the data from this class can be recovered.

3.7.2.3 CLASS ASSIGNMENT

Assign students to the class by clicking the **Add students here** button, in the [Class menu](#).

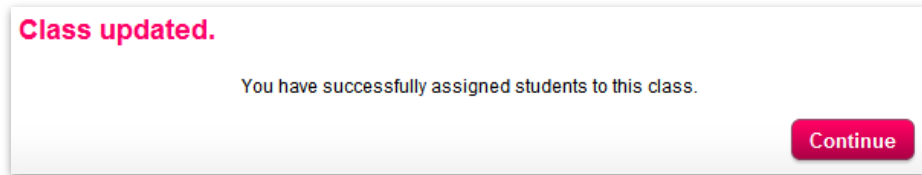

You will be directed to the **assignment** menu.

Click the **Assign** link located in the left window to assign the current student to the class.

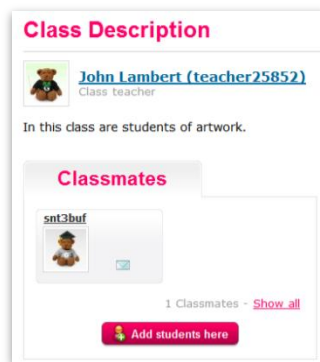

The student will be moved to right side of the window. To confirm the selection, click the **Assign Classmates** button.

A pop-up will appear to confirm the update. Click the **Continue** button to return to the Class menu.

This menu will clearly show that the selected students have been added to class.

3.7.2.4 COMMENTS

In the **Comments tab**, teacher and members of the class can add comments. Type the comments, and click the **Send** button.

3.7.2.5 STUDENTS GLOGS

The **Students Glogs tab** shows the Students **Glogs**. For more information, read the [Projects](#) section and [All about Glog](#) section.

3.7.2.6 CLASS PROJECTS

Class Projects

There are no projects in this class

start projects here

The **Class projects tab**, shows the class **Projects**. For more information, read the [Projects](#) section.

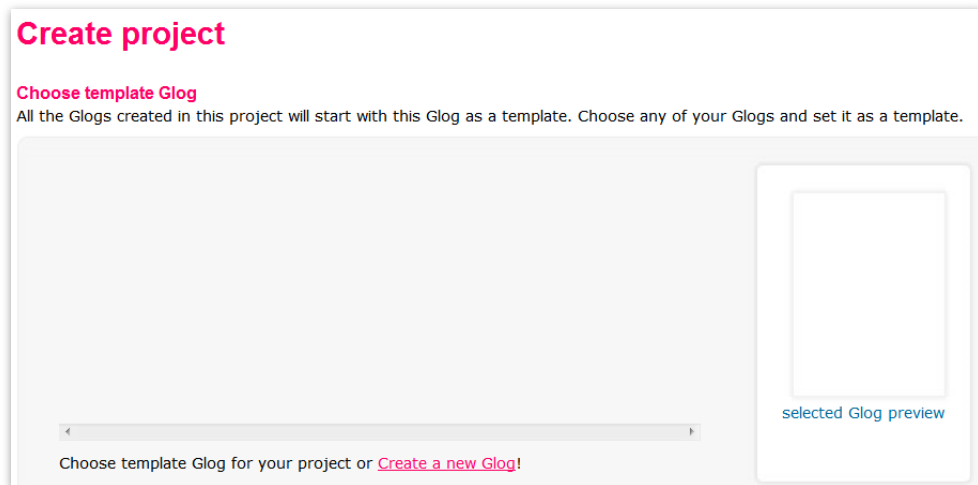

3.8 PROJECTS (EDU PREMIUM & SCHOOL LICENSE ONLY)

The **Projects menu** is located on [My Dashboard](#). From this menu, the teacher can create and manage projects.

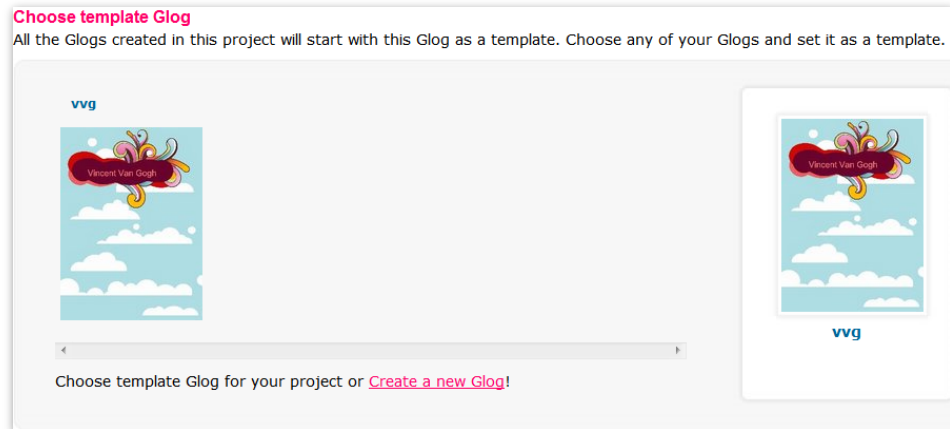

3.8.1 PROJECT CREATION

Click the **Create new project** button, to access the create project menu.

3.8.1.1 TEMPLATE SELECTION

Select the **Glog Template** for a new project. If the template area is empty, click the **Create a new Glog** link under **Templates**. For more information about **Glog creation**, navigate to the [All about Glog](#) section.

When finished, you are able to select the [Glog Template](#).

3.8.1.2 PROJECT DESCRIPTION

The next task is to complete the **Project description**.

The **Project name** field is required. All other fields are not required, but recommended to complete.

Fill the **Tags** fields. For more information about this feature, navigate to the [Tagging](#) section.

3.8.1.3 ASSIGN PROJECT TO CLASSES

You can select the **class** to **assign** the **Project** to. Click the **thick box** marked 'Class'.

3.8.1.4 SENDING MESSAGE TO ASSIGNEES

From the **Project creation** menu, you can type a message to your assigned students.

Select **all assigned classmates** to send the message to all of the assigned students for this project.

Select **only the newly added** to send the message to newly added students into this project.

Click the **Save project** button  to create the **Project**.

3.8.2 PROJECT MANAGEMENT

After the **Project** is saved, the teacher is able to manage the **Project** from the **Project menu**.

The Teacher can send reminders, check the student's work, or grade and comment on students work.

3.8.2.1 REMINDERS

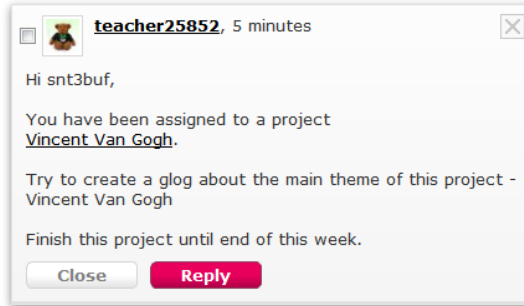

Click the **Send reminder** link located in Project Menu and a pop-up will appear.

Enter message and click the **Send** button, to send the **Reminder message** to all **assigned students**. The students will find the **reminder message** in the [Messages](#) section in [My Dashboard](#).

3.8.2.2 STUDENT VIEW – PROJECT ASSIGNMENT MESSAGE

From the student view, the student will see the **Assignment message**.

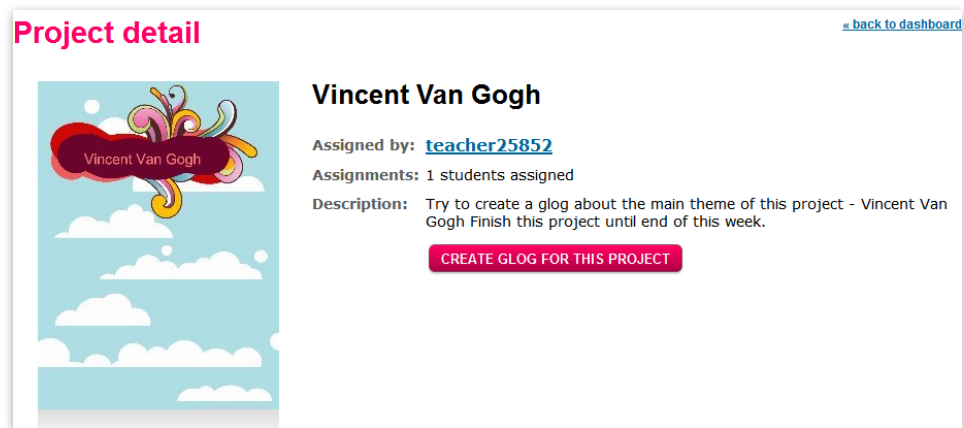

Your sent message can be found under the **Messages** menu on [My Dashboard](#).

For more information about **Messaging**, navigate to [Messaging](#) section.

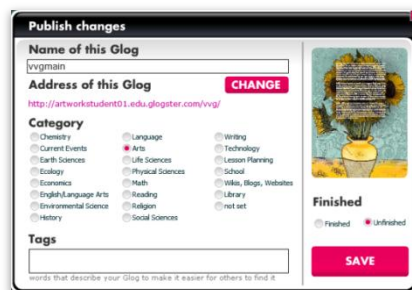

3.8.2.3 STUDENT VIEW –PROJECT GLOG CREATION

Click the Name of project link  in the [Messages](#) menu located on [My Dashboard](#), to will the **Project detail** page.

When students click the **Create Glog for this project** button, the student will access the **Glog creation** menu. For more information about **Glog creation**, navigate to the [All about Glog](#) section.

3.8.2.4 STUDENT VIEW –PROJECT GLOG PUBLISHING

When saving the Glog, student can determine whether the Project Glog is **finished** or **unfinished** . .

When **unfinished** is selected, the teacher will know that the Glog for this project isn't considered as finished by the student.

When **finished** is selected, the teacher will know that the Glog for this project is considered as finished by the student.

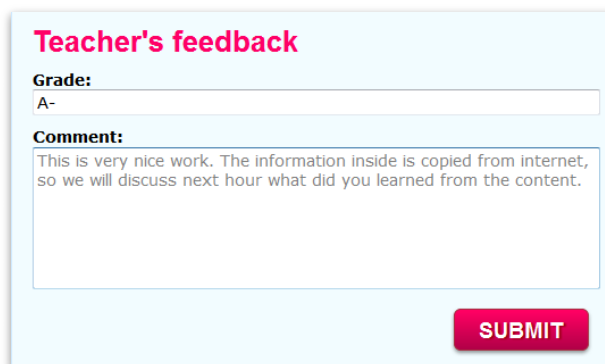

3.8.2.5 TEACHER VIEW – FEEDBACK

The status of **finished** or **unfinished** Project Glog is visible from the **Project menu** under the preview of student's **project Glog**.

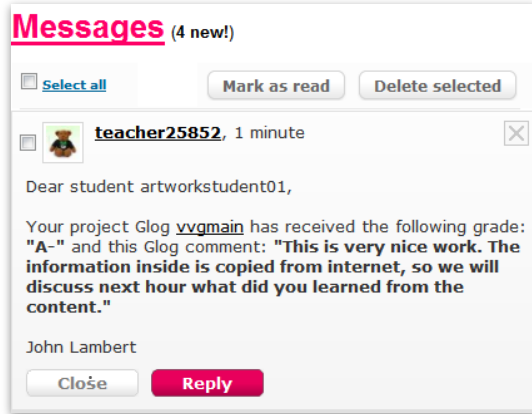

When the **Project Glog** is considered as **finished** by student, teacher can click the **preview picture** of the **Glog**. to access the **project Glog**.

The teacher's feedback box is located under the **Glog**.

Enter the **Grade** and **comments**, and click the **Submit** button tool send the **feedback** results to the student..

3.8.2.6 STUDENT VIEW – FEEDBACK VIEW

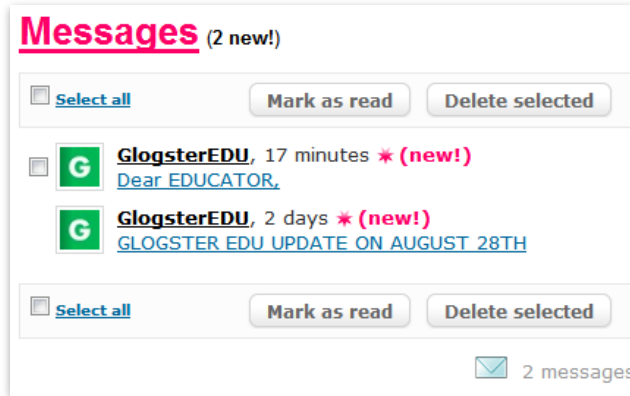

The Student will receive the **Message**, located under the **Messages** menu on **My Dashboard**.

The message will contain the information about **Grade** and **comment** of student's **Project Glog**.

The student will also be able to see the **Grade** of current Project Glog from the **Project menu**.

3.9 MESSAGING

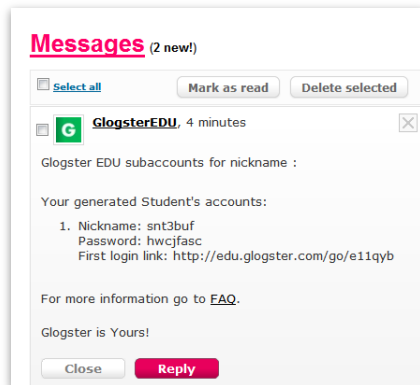

The Messaging menu is located on [My Dashboard](#) of every Glogster EDU user.

Messages can be sent from different places of Glogster EDU pages.

3.9.1 MESSAGE TYPES

Glogster EDU employs three different types of messages, which are [System messages](#), [User Messages](#) and [Teacher Messages](#).

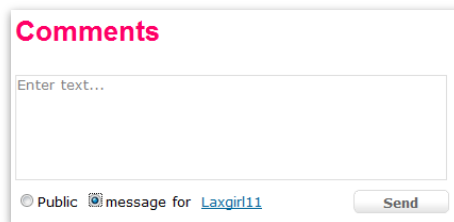

3.9.1.1 SYSTEM MESSAGES

The system messages are messages with the header of **GlogsterEDU** as the sender. You will receive these messages when **Glogster EDU** is sending newsletters, or when you makes changes to an account (for example [adding students](#))

Note: Some of the system messages can't be deleted and they will auto delete after a designated period of time.

3.9.1.2 USER MESSAGES

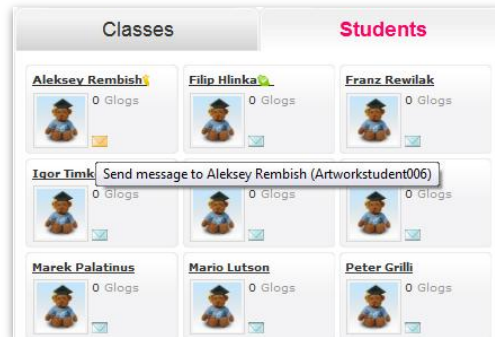

The user messages are sent by other users.

The **Comments** box is located under each **Public** Glog. Select **message for user** option, and click the **Send** button..

3.9.1.3 TEACHER MESSAGES

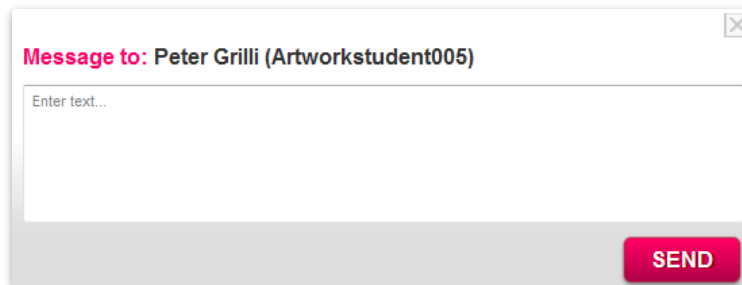

The Teacher messages are messages which can be sent to student directly from [My Dashboard](#).

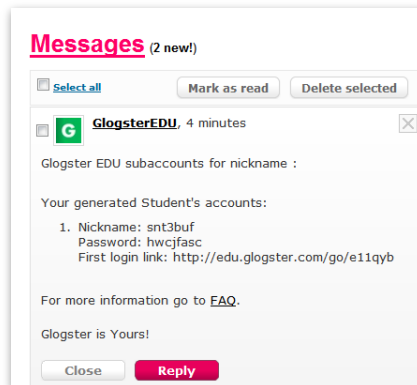

In the [Students](#) Tab there is a little envelope near each student.

Click this envelope, and a **message** pop-up will appear.

Enter message and click the **Send** button.

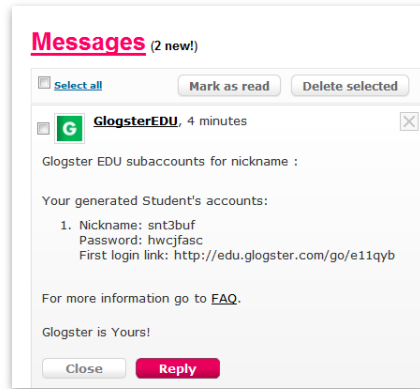

3.9.2 REPLY TO MESSAGE

The student can **reply** to the message received by clicking the **Reply** button located at the end of each message.

3.9.3 DELETE MESSAGE

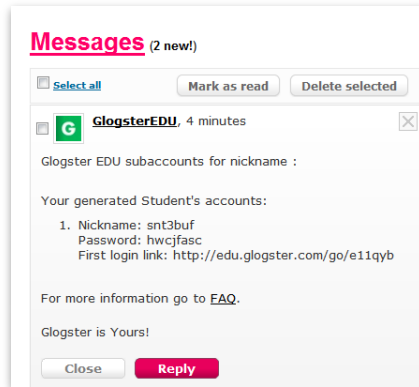

Delete messages by checking the thick box on left side of **sender**. The message will be deleted by clicking the **Delete selected** button.

To delete all messages, check the **Select All** thick box, and click the **Delete selected** button.

Note: Some of the system messages can't be deleted. For more information, navigate into [System messages](#) section.

3.9.4 MARK AS READ MESSAGE

You can **mark as read** by checking the thick box located on left side of **sender**. The message will be **mark as read** after clicking of the **Mark as read** button.

To mark all messages as **mark as read** check the **Select All** thick box, and confirm the action by clicking the **Mark as read** button.

3.10 NEW GLOGS FROM CLASSMATES WIDGET

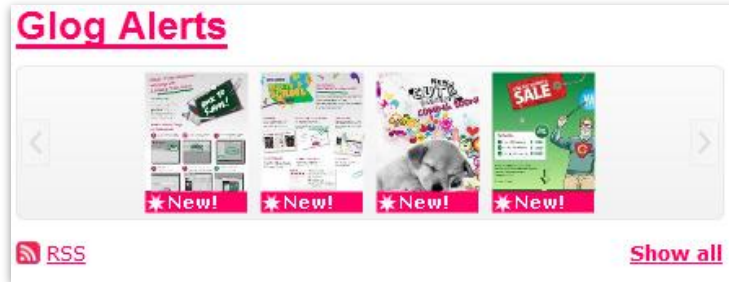

The **New Glogs from classmates** widget is located on [My Dashboard](#), under the [Students](#) and [Classes](#).

If the Teacher changes the **visibility** to [Publish for all](#) from the [Teacher menu](#), the Glog will be rotating in this widget.

3.11 **GLOG ALERTS WIDGET**

The **Glog alerts** widget is located on [My Dashboard](#), under the [New Glogs from classmates](#).

You can alert a created Glog from the [additional menu](#) option under the Glog.

For more information about **Alerting**, navigate to [Glog alerts](#) section.

3.12 **FAVORITE GLOGS WIDGET**

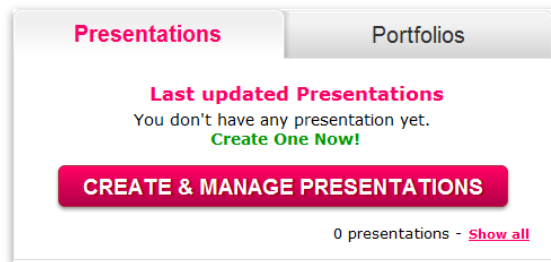

The **Favorite Glogs** widget is located at the bottom of [My Dashboard](#).

You can add a created Glog to **Add Glog to Favorites** from [additional menu](#) located under the **Glog**.

For more information about **Adding Glogs to favorites**, navigate to [Adding to Favorites](#) section.

3.13 **PRESENTATIONS (EDU PREMIUM & SCHOOL LICENSE ONLY)**

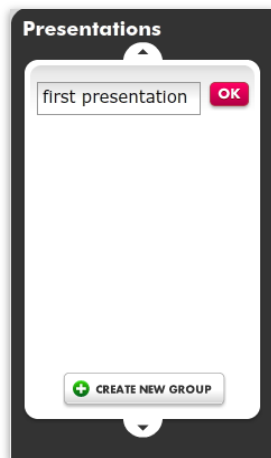

The **Presentation menu** is located on [My Dashboard](#). From this menu, the teacher can create and manage Glog presentations.

By clicking the **Create Glog presentation** button, presentation menu will appear.

3.13.1 PRESENTATION CREATION

By default, the first presentation name is in the presentation list. You can use this default group to create new presentation, or click the **Create new group** button in Presentation list, enter the **presentation name**, and confirm by clicking the **OK** button.

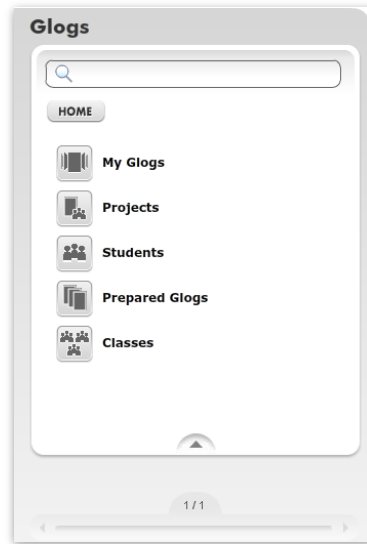

This will create the presentation folder.

Click the pencil picture, to **change the name** of the presentation folder.

Click the red X button, to **delete** the presentation folder.

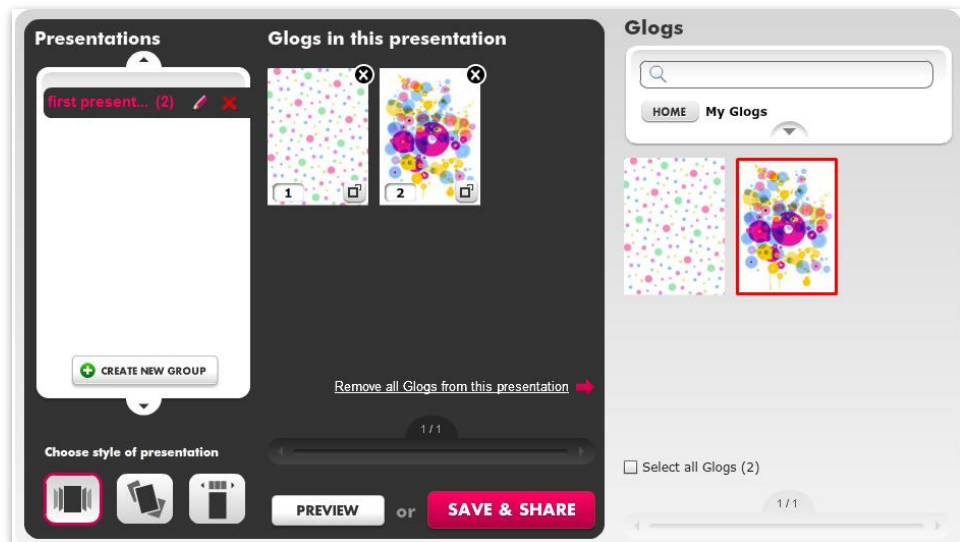

When the presentation folder is created, navigate into right side of presentation menu, and select the Glogs to publish.

The [Glogs](#) are arranged into multiple groups as [My Glogs](#), [Projects Glogs](#), [Students Glogs](#), [Prepared Glogs](#) and [Classes Glogs](#).

Click one of the **Glog groups**, the [Glogs](#) to view available **Glogs**.

To add the [Glogs](#) into **presentation**, drag and drop the Glog from selected group into **Glogs** in this presentation part of menu.

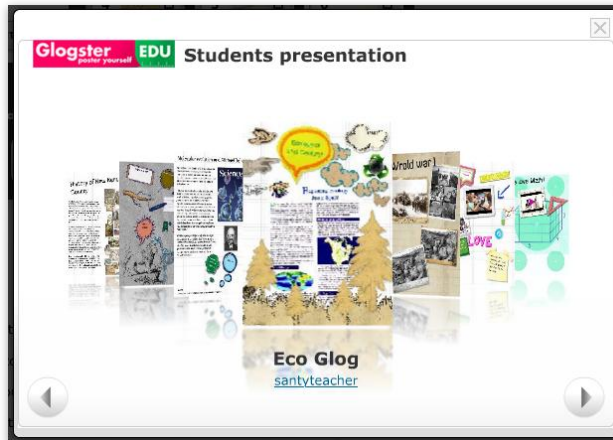

3.13.2 PRESENTATION STYLE & PREVIEW

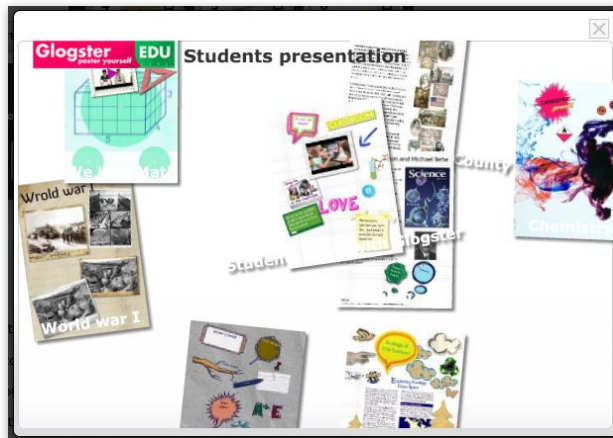

Select the **style** of presentation first by clicking the **style** button.

Click the **Preview** button, to access the **preview** of the current presentation in your selected **style**.

This is the first presentation style.

This is the second presentation style.

This is the third presentation style.

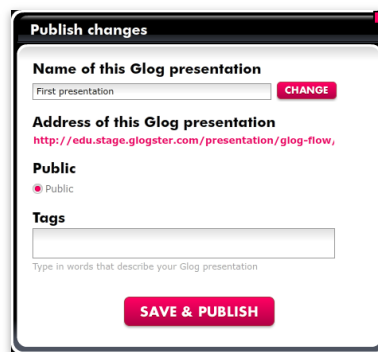

3.13.3 SAVING OF PRESENTATION

When adding [Glogs](#) and selecting of **style** is complete, the presentation can be **saved** by clicking the **Save & Publish** button located in **presentations** menu.

An additional pop-up menu will appear.

3.13.3.1 PRESENTATION NAME & ADDRESS

You can change the **Name** and **URL address** of the **presentation** by clicking the **Change** button.

Fill in desired **new name** of the **presentation**, and confirm the action by clicking the **Apply** button.

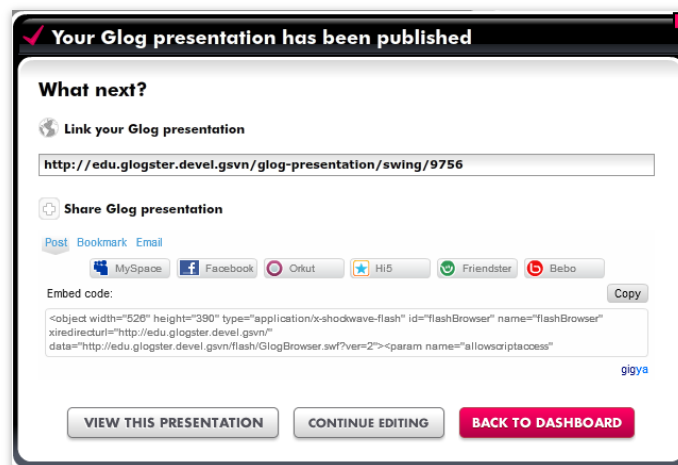

3.13.3.2 PRESENTATION TAGS

You can set the **Tags** for the **presentation** by filling up the **Tags** field.

For more information about **Tagging**, navigate to [Tagging](#) section.

Now, click the **Save & Publish** button. An informational pop-up will appear.

3.13.4 LINKING OF PRESENTATION

Link the presentation to any pages. **Copy** the link located in this pop-up, and **paste** it into required page.

3.13.5 SHARING OF PRESENTATION

You are also able to share the **presentation**.

3.13.5.1 POSTING OF PRESENTATION

Share the **presentation** by clicking on the appropriate **community** button.

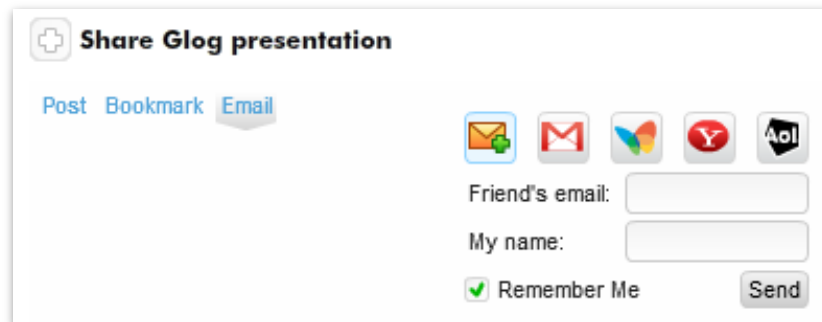

3.13.5.2 BOOKMARKING OF PRESENTATION

Bookmark the **presentation** by clicking on the **Bookmark** link, and by select the desired **community**.

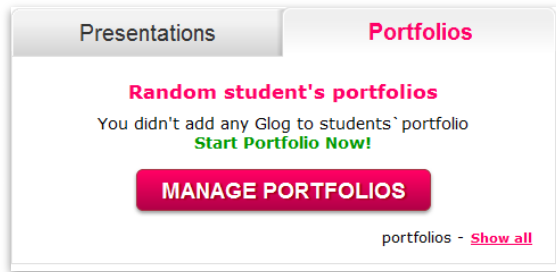

3.13.5.3 EMAILING OF PRESENTATION

Email the **presentation** by clicking on the **Email** link, and by selection of the email provider.

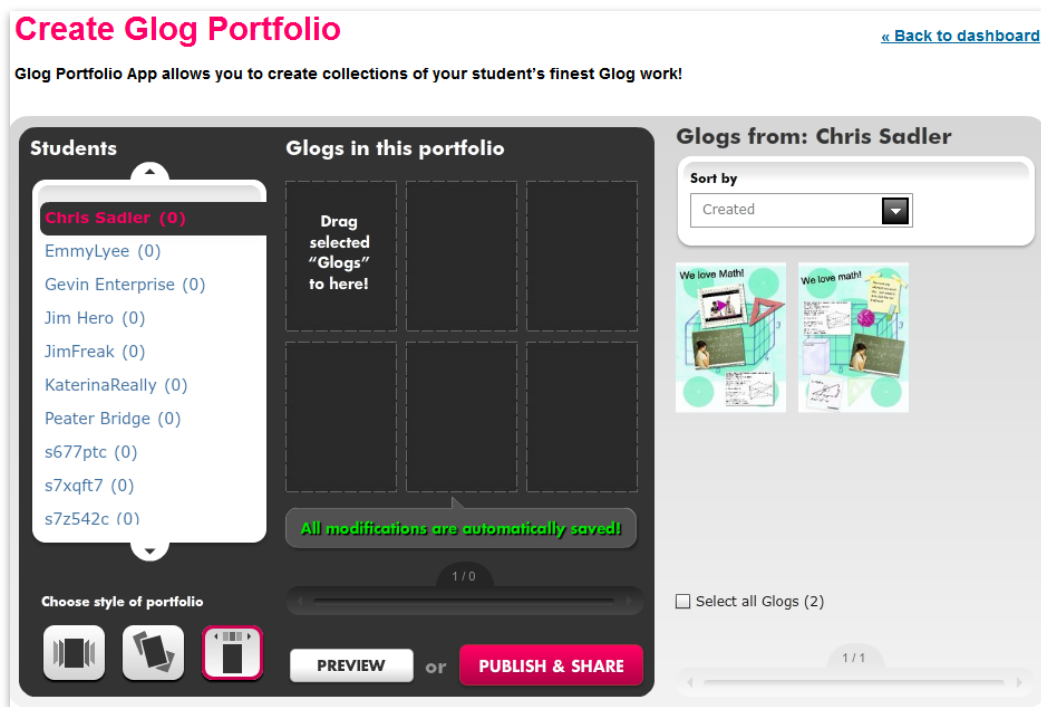

3.14 PORTFOLIOS (EDU PREMIUM & SCHOOL LICENSE ONLY)

The **Portfolios** menu can be found on [My Dashboard](#). From this menu, the teacher can create and manage the [Students](#) portfolios.

Click the **Manage portfolios** button, to view the portfolios menu.

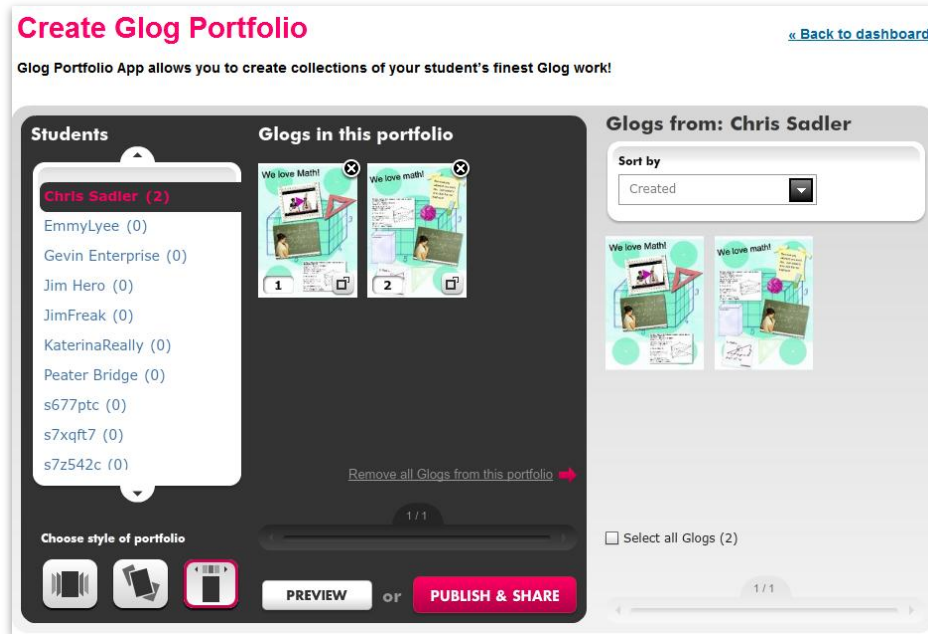

3.14.1 PORTFOLIO CREATION

Create students portfolio, by clicking on the **student** located in Students list.

The student Glogs will appear in the **Glogs in this portfolio** menu.

To add the **Glogs** to student portfolio, drag and drop the **Glogs** from selected student into **Glogs in this portfolio** menu.

3.14.2 PORTFOLIO STYLE & PREVIEW

Select the **style** of portfolio by selecting of the **style** button.

Click the **Preview** button, to access the **preview** of current presentation in selected **style**.

First portfolio style.

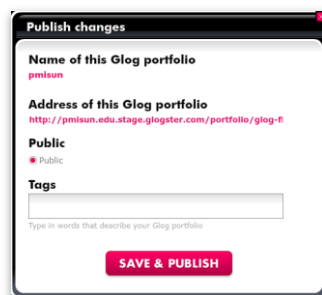

Second portfolio style.

Third portfolio style.

3.14.3 SAVING OF PORTFOLIO

The student portfolio can be **saved** by clicking the **Publish & Share** button located in **portfolios** menu.

An additional pop-up menu will appear.

Attention! All Students Glogs added into Portfolios will become Read-only and can no longer be edited.

3.14.3.1 PORTFOLIO PRESENTATION TAGS

Tags

Type in words that describe your Glog presentation

SAVE & PUBLISH

You can set the **Tags** for the **portfolio presentation** by completing the **Tags** field.

For more information about **Tagging**, navigate to [Tagging](#) section.

Click the **Save & Publish** button. An informational pop-up will appear.

4. ALL ABOUT GLOG

A **Glog** is digital poster using a very easy to understand, drag and drop interface that is relevant, enjoyable, and scalable for students and teachers of all ages and learning styles.

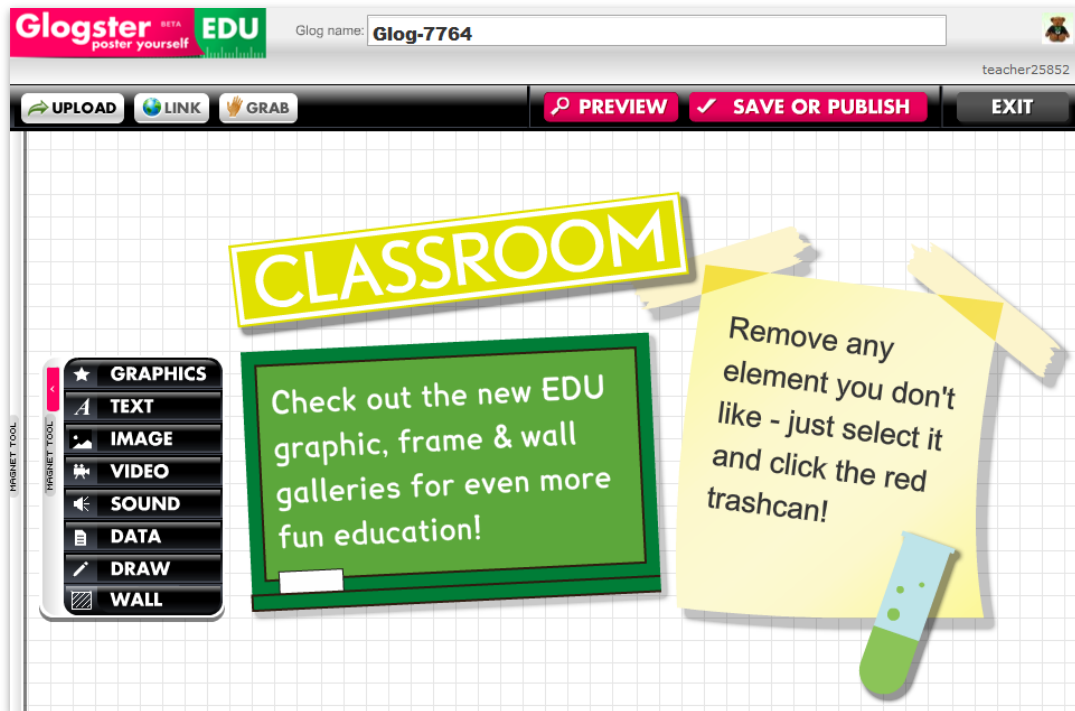

A **Glog** is an interactive visual platform in which you create a “poster or web page” containing multimedia elements including: [graphic](#), [text](#), [images](#), [video](#), [sound](#), [drawings](#), and [data](#).

4.1 GLOG CREATION

There are multiple ways to access the **Glog creation** on **Glogster EDU** pages.

For creating a new Glog, you can use **Create new Glog** button in [Your Profile](#) box from [My Dashboard](#).

4.1.1 MAGNET TOOL

The Magnet tool can be found in **Glog creation interface**.

The **Magnet tool** is an anchor including all of the Glogster main features.

You can move this tool vertically with the mouse, or hide it by clicking the pink square with left arrow.

Note: **EDU Basic** account doesn't include the [Data](#) and [Draw](#) functionality. To be able use this features, navigate to [From basic to premium](#) section.

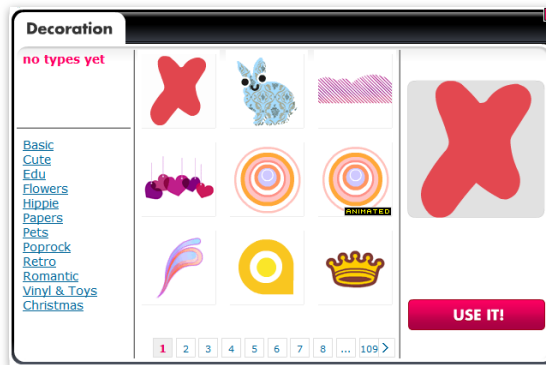

4.1.1.1 GRAPHIC BAR

Click on the **Graphic Bar**, to access additional menu.

4.1.1.1.1 DECORATION TAB

The menu includes all of the **Decoration elements**.

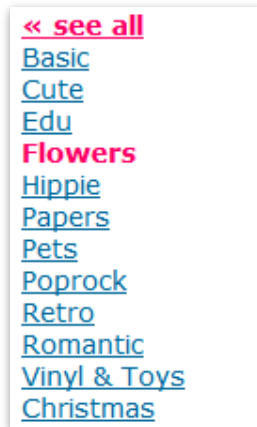

Click the decoration element and confirm selection by clicking the **USE IT!** button, the element will be moved to the [Glog Wall](#).

You can also **drag & drop** any element into [Glog Wall](#).

Navigate through the Numbers located below the **elements**, to find your **element** selection.

You can **close** this tab by clicking on the Red **X** button located in the upper right corner.

4.1.1.1.1 DECORATION CATEGORIES

The **Decoration tab** includes the **Categories menu**. Click on the selected **Category**, the **Decoration elements** will be refreshed.

The **Decoration tab** will show only those elements, belonging in that **Category**.

You can return to **default** view of All **Decoration elements** by clicking on the **See all** link.

4.1.1.1.2 EDIT ELEMENT BAR

After adding the selected element into the [Glog Wall](#), you can edit it..

You can change the **size** or **rotate** the **element** by dragging of the arrows located around element.

Click this button to **bring the element forward**.

Click this button to **put the element behind**.

Click this button to **clone the element**.

Click this button to **cancel changes** made with **the element**.

Click this button to **delete the element**.

Click this button to access **Edit menu** of **the element**.

This is the **Edit menu** of **the element**. You can return to **previous menu** by clicking the **OK** button.

4.1.1.1.2.1 CHANGE COLOR MENU

Click this button to access the **Change color menu**.

To change color of **the element**, click on the **color tab** field. After the color is selected, click the **Apply** button.

To add color to my colors bar, click on the color tab field. After the color is selected, click the **Add** button.

You can **close** this tab by clicking on the Red **X** button in the upper right corner.

4.1.1.1.2.2 ADD URL MENU

Click this button to access the **Add URL** menu.

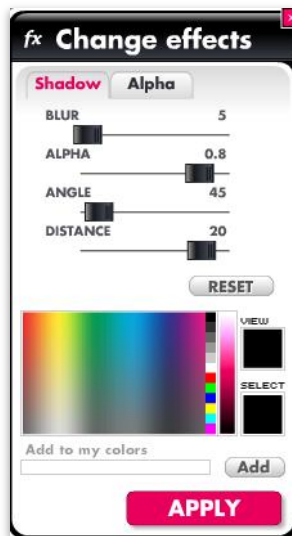

To **Add URL** to the element, copy & paste the URL address into Link field. After URL is pasted, click the **Apply** button.

You can **close** this tab by clicking on the Red X button.

4.1.1.1.2.3 ADD EFFECTS MENU

Click this button to access the **Add effects** menu.

Click the **shadow** tab field. After **Blur**, **Alpha**, **Angle** and **Distance** are set, click the **Apply** button.

Click the **Reset** button to return to default position.

To add color to my colors bar, click on the color tab field. After color is selected, click the **Add** button.

Close this tab by clicking on the Red X button.

Click on the **alpha tab** field. After **Alpha** of **shadows** is set, click the **Apply** button.

Click the **Reset** button, to return to the default position.

Close this tab by clicking on the **Red X** button.

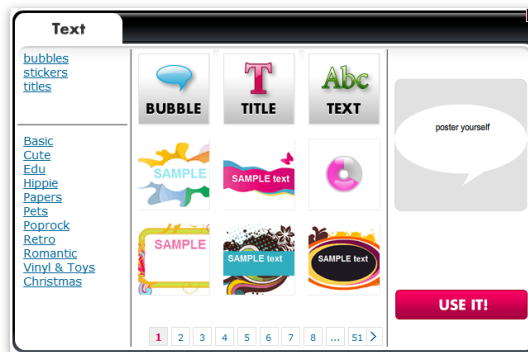

4.1.1.2 TEXT BAR

Click on the **Text Bar**, to open the text menu.

4.1.1.2.1 TEXT TAB

The menu includes all of the **Text content**.

Click on a **Text element** and confirm selection by clicking the **USE IT!** button. The Text element will be moved into [Glog Wall](#).

Drag & drop any element into [Glog Wall](#).

Navigate through Numbers located below **text elements**, to search pages of **text elements**.

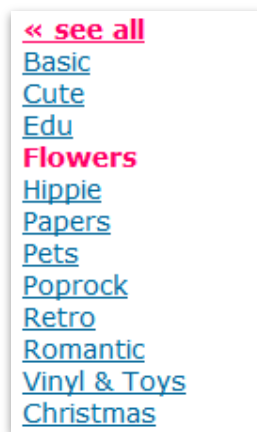

You can **close** this tab by clicking on the **Red X** button.

4.1.1.2.1.1 TEXT FIELD TYPES

Click on selected text type, to see **text field types**.

4.1.1.2.1.2 TEXT CATEGORIES

Text tab includes the **Categories** menu. By clicking on selected **Category**, the **Text elements** will be refreshed.

After this action, the **Text tab** will show only those elements, which belong to selected **Category**.

You can return to **default** view of All **Text elements** by clicking on the **See all** link.

4.1.1.2.2 EDIT TEXT ELEMENT BAR

After you add random text into the **Glog wall**, you are able to edit.

You can change the **size** or **rotate** the **text element** by dragging of the arrows located around **text element**.

Click this button to **bring the text element forward**.

Click this button to **put the text element behind.**

Click this button to **clone the text element.**

Click this button to **cancel changes made with the text element.**

Click this button to **delete the text element.**

Click this button to access **Edit menu of the text element.**

This is the **Edit menu of the element.** Click the **OK** button to return to **previous menu.**

4.1.1.2.2.1 CHANGE COLOR MENU

Click this button to access **Change color menu**.

To change color of **the text element**, you need to click on the **color tab** field. After color is selected, click the **Apply** button.

To add color to my colors bar, you can click on the color tab field. After color is selected, click the **Add** button.

Click the Red X button to **close** this tab.

4.1.1.2.2.2 ADD URL MENU

Click this button to open **Add URL menu**.

Copy & paste the URL address into Link column to **Add URL to the text element**.

After **URL** added, click the **Add** button.

Click the Red X button to **close** this tab.

4.1.1.2.2.3 ADD TEXT/FONT/COLOR MENU

Click the **Text/Font/Color** menu to access the additional menu.

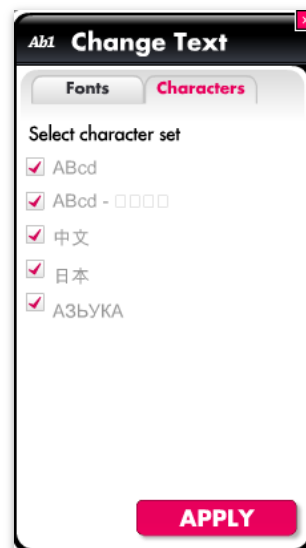

To change **Fonts** of **text**, click on the **Fonts** tab field. After **font** is set, click the **Apply** button.

Click the **Alignment**, **Text type** buttons or change the **Text size** number, **text** accordingly.

To add color to my colors bar, click on the color tab field. After color is selected, click the **Add** button.

You can **close** this tab by clicking on the Red **X** button.

You can **close** this tab by clicking on the Red **X** button.

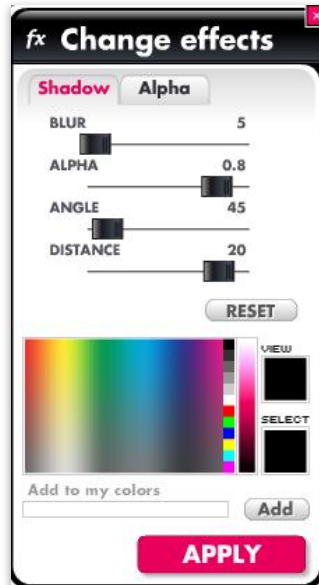

To add or revoke **Character sets** to **Fonts** tab, click on the **Characters** tab field. After **Character sets** are **modified**, click the **Apply** button.

You can **close** this tab by clicking on the Red **X** button.

4.1.1.2.2.4 ADD EFFECTS MENU

Click this button to access **Add effects menu**.

Click on the **shadow tab** field to add **shadow effects** to a **text element**. After **Blur**, **Alpha**, **Angle** and **Distance** of **text elements shadow** are set; you can click the **Apply** button.

Click on **Reset** button to set **Shadow fields** to default position.

9. EDUCATOR RESOURCE LIBRARY

The Glogster EDU **Educator Resource Library** with access on the [Homepage](#) is a database of outstanding examples of Glogster lesson plans, standards aligned activities, and [Glog](#) building resources. It has been built by and for our community of educators and users, which we hope will offer inspiration to others implementing and learning about **Glogster EDU**. The intention is to create a library of creative, documented, and exciting examples and resources for all to use and share. Each submission that is published will be formatted by the Glogster EDU Team as a detailed example that other Glogster EDU educators can draw on to help guide their work.

Click the [Contribute](#) button, to contribute to the **Educator Resource Library**. Fill and send the form to **Glogster EDU**.

Click the [Download](#) button, to download the actual **Educator Resource Library** documentation.

10. *AMBASSADORS*

The Glogster EDU **Ambassadors** access is located on [Homepage](#) of Glogster EDU.

The Glogster EDU **Ambassadors** access is located on the [Homepage](#) of Glogster EDU.

The Glogster EDU Ambassador Program offers educational professionals unique opportunities that foster local and global networking opportunities, career development, and personal enrichment.

Glogster EDU Ambassadors interact with other professionals through trainings, networking, locally, nationally and globally from around the world, engaging in activities to spread the **Glogster EDU** message.

The **Glogster EDU** community is now over 1.5 million members strong and still growing. As this educational collaborative of educators, students, and partners flourishes in creating a passionate global educational alliance; we want to reward those individuals whose extraordinary efforts have made a unique and lasting contribution to **Glogster EDU**. These Ambassadors have created extraordinary levels of Glogster implementation, displaying educationally sound instructional principles and practices, as well as introducing fresh and creative approaches.

To become a **Glogster EDU Ambassador**, contact ambassadors@glogster.com.

The Upper section of the school license administration menu contains information about **License number**, **Renewal Date**, **Subscription type**, **Payment type**, and **License Utilization** information, which describes the current status of purchased license.

11.2.2.2 LICENSE ASSIGNMENT

The lower section of the **school license administration** menu contains the **license assignment** menu.

Activation code	User	Status
58D9QXFACJ	schooladmin2099	active (administrator)
762TBZ5LYE	<input type="text"/> (use Glogster user name or email)	Activate user
7HKY6GNF2S	<input type="text"/> (use Glogster user name or email)	Activate user
8TDQE4GU5B	<input type="text"/> (use Glogster user name or email)	Activate user
8W7CJA93UR	<input type="text"/> (use Glogster user name or email)	Activate user

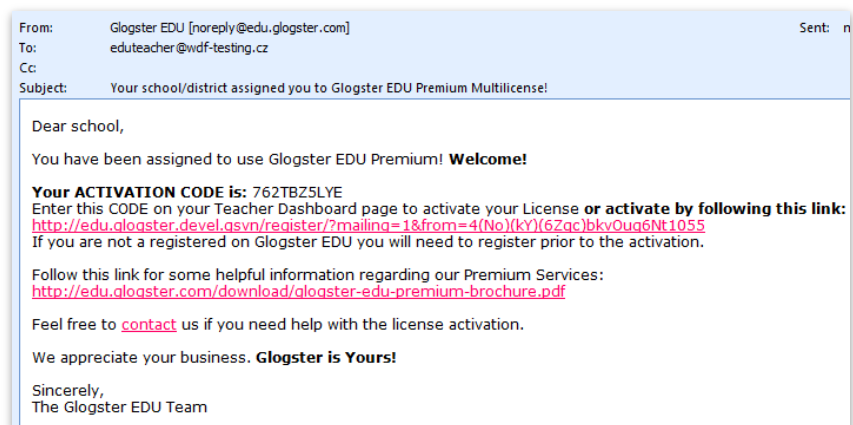

Enter the **User** field with **e-mail** or **nickname** of teacher and click the **activate user** link, inviting the teachers to the school license. The status of license slot will be changed.

4TKWDVHFY3	An invitation with the activation code has been sent to: mrmathews@wdf-testing.cz	Cancel invitation Resend
------------	--	--

Attention: After the teacher accepts the **school license invitation**, he will be not able to create **students** anymore. This can be done by **school license administrator** only.

11.2.2.2.1 INVITATION VIA E-MAIL

If the administrator has sent the **school license** invitation via e-mail, you will receive the following **e-mail**. This method of **school license** invitation can be used when teacher does not have an already created EDU account, or the **administrator** is not sure about the teacher's **nickname**.

Click the **activation link** located in mail, user will be redirected into the following **Glogster EDU** page.

Unregistered complete the left side of registration form. By pressing the **Sign up & Activate** button, you will create the Teacher account with school license included. Already **Registered** teachers should complete the right side of form. Click the **Login & Activate** button, to be redirected to the school license confirmation page.

Click on **Confirm** button to activate the **school license**.

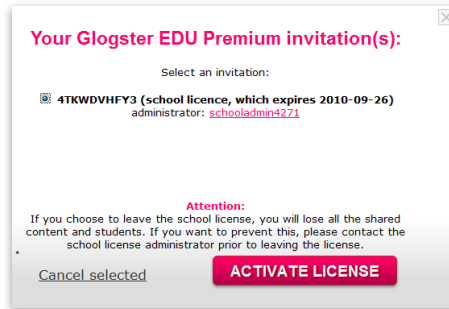

11.2.2.2.2 INVITATION VIA NICKNAME

If the administrator has sent **school license** invitation via **nickname**, the existing user will find the school license invitation bubble at **My dashboard**.

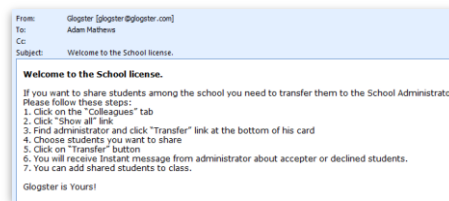

This method of **school license** invitation can be used when teacher has created EDU account, or the **administrator** is not sure about teachers **e-mail**.

Note: Teacher invited to **school license via nickname** will receive also the e-mail invitation described in previous [Invitation via e-mail](#) section.

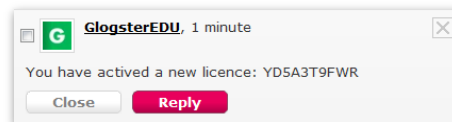

Click the **Manage invitation** button located in invitation bubble, to access the invitation popup.

By selecting the radio button of **school licence**, and clicking the **Activate license** button, you will activate and join the school licence.

After the activation is complete, you will receive the email confirmation message.

Teacher will receive also **confirmation** and **activation code** messages which can be found under **messages** located on **My Dashboard** of user.

Attention! In case that teacher with an existing account accepts the school licence invitation, all of student accounts need to be transferred under **administrator account** by **teacher** or **administrator** in purpose of **enabling the sharing mode** of private students. Additionally, only **administrator** will be able to **add new students**.

For more information about enabling **sharing of students**, navigate into **sharing students** section.

11.2.2.2.3 CANCELING OF LICENSE

After the teacher confirms the license assignment, the license slots under [license management](#) will be changed.

Activation code	User	Status	
2JKTANZY7D	schooladmin4271	active	(administrator)
4TKWDVHFY3	mrmathews	active	Cancel license
YDSA3T9FWR	basedutch01	active	Cancel license

By pressing the **Cancel license** link, administrator will attempt to remove current teacher from school license.

After this action, an informational popup will appear.

Click the **Transmit students** button, to access the **transmit students** menu. This action will allow the **administrator** to return **shared students** to their original teacher. For more information about **shared students** navigate into [Student management](#) section.

By pressing the **Cancel license** button, the administrator will cancel the school license for current user.

11.2.3 STUDENT MANAGEMENT (ADMINISTRATOR & TEACHERS)

The **Administrator** is able to manage all of the school license teachers' students.

Attention: To enable [sharing of students](#), the teacher needs to [transfer students](#) to **administrator account**. After the administrator **confirms transferred students**, assign **students into class** option available to manage the **shared students**.

11.2.3.1 GLOBAL TRANSFER

After the teacher accepted the [school license invitation](#), **administrator** can grab all of the students from teachers by clicking the **Global transfer** button located in [School administration menu](#).

After this action, an additional pop-up will appear.

Attention!
 Number of students affected by this action: 16
 This action will transfer all private students from all teachers within your School license to School administrator. All transferred students must be confirmed after in order to finish the transfer process. As a result all students will become shared among the School license.

Enter your admin password:

TRANSFER **CANCEL**

Enter the **administrator password** and click the **transfer** button. The administrator will transfer all private students from all teachers within the **School license** to administrator account to activate [sharing of students](#).

After this action, the **Global transfer** information box will be changed.

Transfer all students from teachers to Administrator

GLOBAL&TRANSFER Done

Note: Global transfer button can be used again when another teacher with private students accepts the school license invitation.

Transfer of all private students by this **administrator action** must be **approved** or **declined** by administrator.

When the **Global transfer** information box says ‘done’, the administrator will receive a **message**, which can be found under **Messages** located on **My Dashboard**.

 **mrmathews**, 21 minutes ✕

The user [mrmathews](#) wants to transfer students to you. [Accept or decline](#) transferred students.

Close **Reply**

 **basedutch01**, 21 minutes * (new!)
[The user basedutch01 wants to transfer](#)

By clicking the **Accept or decline** link located in the **message**, the administrator will have access to the **Student transfer** menu.

Accept or decline student transfer [Back to dashboard](#)

By accepting students you will become the manager of their accounts.
 If you are a regular teacher, these students will no longer be available under the school license.
 If you are the School License administrator these students will be available under the school license as shared students.

basedutch01		Accept selected
Eie Khin (EieIkhin)	decline accept	<input type="checkbox"/>
stvg82c	decline accept	<input type="checkbox"/>
sxfzbru	decline accept	<input type="checkbox"/>

s9vj7g2	decline accept	<input type="checkbox"/>
sed23rv	decline accept	<input type="checkbox"/>
sdt2u7x	decline accept	<input type="checkbox"/>
		Accept selected

By selecting the thick boxes according to action required, the administrator will **accept or decline** the **students transfer** into **administrator** account.

By clicking the **Accept selected** button, a confirmation popup will appear.

Action confirmation

By clicking the confirmation button you will accept all selected students and they will become your students. If you are an administrator of the School license, these students will become shared students within the school.

CONFIRM **CANCEL**

By clicking the **Confirm** button, the **administrator** will transfer the students from under the **administrator account**. The students will become **shared students** within the **school license**.

For more information about **shared students**, navigate to the [Shared student](#) section.

11.2.3.2 TEACHERS STUDENT MANAGEMENT

Enable student management to teachers:

Disabled

Enable

After the teacher accepts the **school license** invitation, the **administrator** can enable or disable the student management to teachers.

When the **student management** is **disabled**, teacher is not able to manage **shared students** (left student). If the shared student is in any of **Teachers class**, he is able to **Edit his portfolio** (right student).

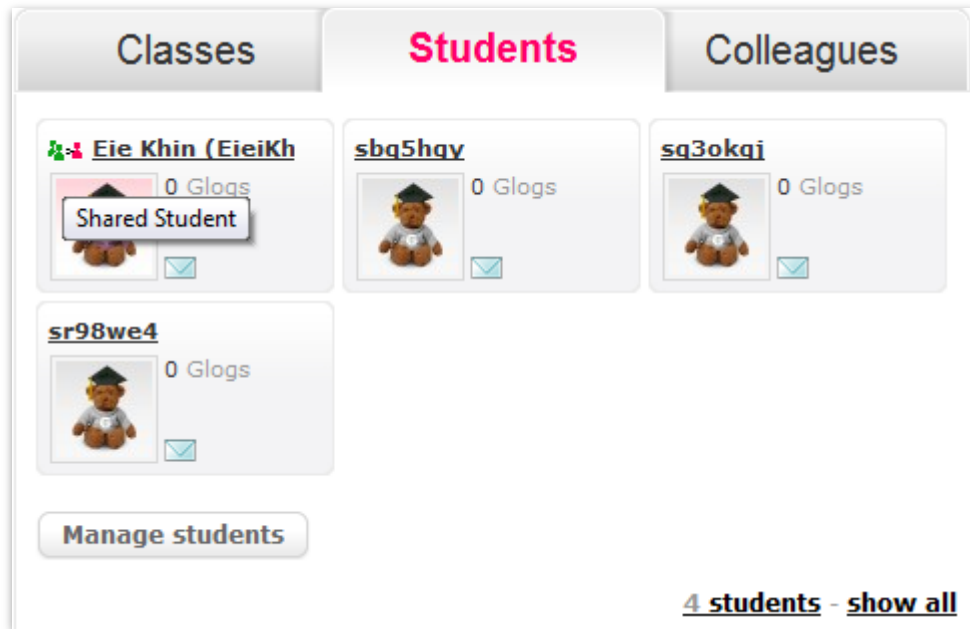

When the **student management** is **enabled**, teacher is able to **edit portfolio**, **edit student account**, **change student password**, **delete student account**, **edit nickname** or **access student account** of **shared students** which is in any of **Teachers class** (right student).

Note: To enable **sharing of students**, transfer student into **administrator account**. After the administrator **confirms transferred students**, assign students to class to be able manage the **shared students**.

11.2.4 SHARED STUDENTS (TEACHERS)

Shared student is a student, which belong to school license administrator.

The identification of **shared student** is the **shared student icon** located at beginning of student name. 

The student will become **shared student** when the **administrator** uses the [Global transfer function](#), or when a teacher [transfers](#) the **private students** to the **administrator**.

Attention: To enable **sharing of students**, [transfer student](#) into the **administrator account**. After the administrator **confirms transferred students**, **assign students to a class** to be able manage the **shared students**.

User is also able to **transfer students** to colleagues.

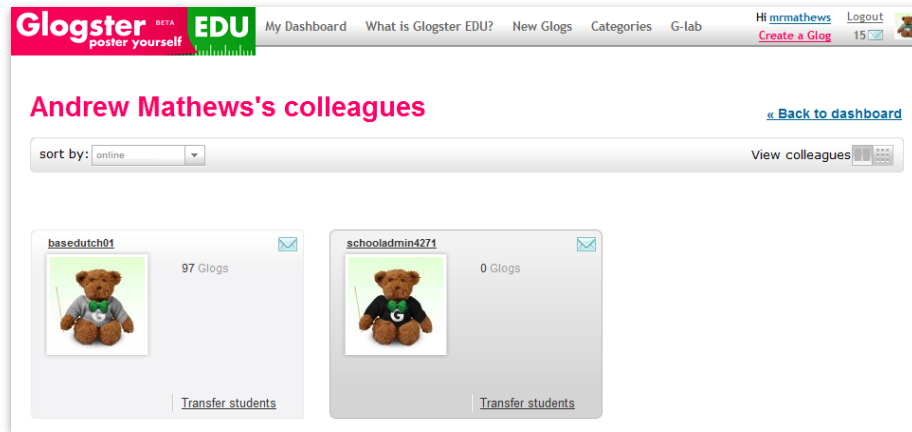

11.2.4.1 TRANSFER STUDENTS TO ADMINISTRATOR (ENABLE STUDENTS SHARING)

To transfer students, a teacher needs to navigate to **Colleagues** tab located on **My Dashboard** of school license user.

By pressing the **show all** link located in **colleagues tab**, teacher will be redirected into **colleagues** menu.

The **colleagues** menu contains all of the **colleagues** which accepted the **school license invitation**, and school license administrator.

By pressing the **Transfer students** link located under **administrator** box, teacher will attempt to access the **transfer students** menu.

After this action, informational pop-up will appear.

By pressing the continue button, you will access the **transfer students** menu.

Transferred students to schooladmin4271 [« back to colleagues](#)

Attention! If you choose to transfer students to another teacher, student content (Glogs and Student portfolios) or management will no longer be available!

(sr98we4)	Unassign >>

TRANSFER STUDENTS

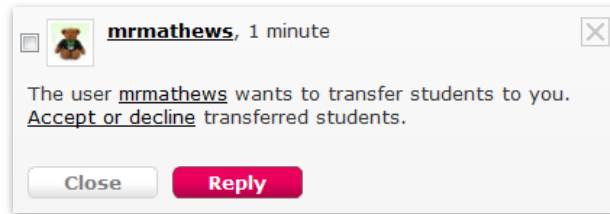

When finished, an informational pop-up shown below will appear.

Student(s) transferred.

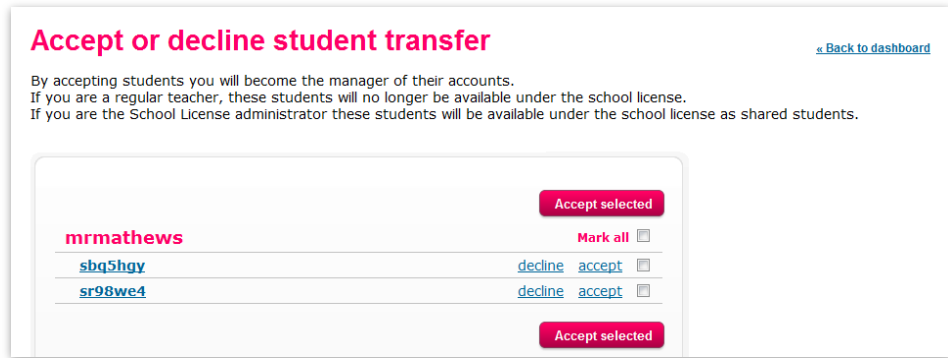

The student(s) have been successfully transferred.
The transfer will take place after being confirmed by the other party.

Continue

The **school license administrator** will then receive a **message**.

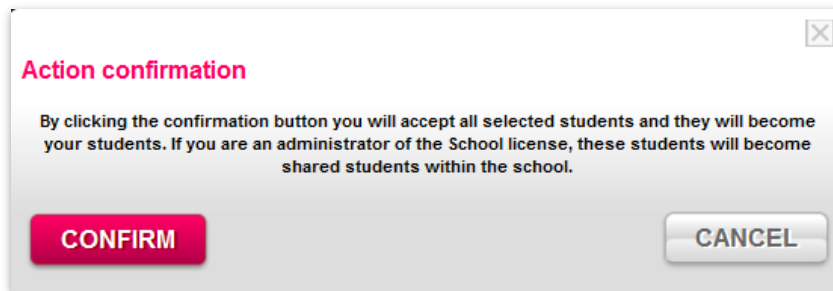

By pressing the **Accept** or **decline** link located in the **message**, administrator will access to **Student transfer** menu.

By selecting the boxes according to action required, administrator **accepts or declines** the **students transfer** into **administrator** account.

By pressing the **Accept selected** button, confirmation popup will appear.

By pressing the **Confirm** button, the **administrator** will transfer the students under the **administrator account**. The students will become **shared students** within the **school license**.

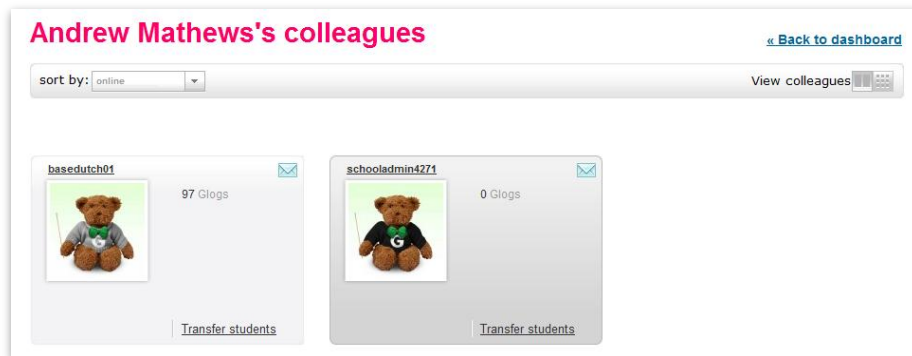

11.2.4.2 TRANSFER STUDENTS TO COLLEAGUE (CHANGE OWNER OF PRIVATE STUDENT)

To transfer students, teacher needs to navigate into **Colleagues** tab located on **My Dashboard** of school license user.

By pressing the **show all** link located in **colleagues tab**, teacher will be redirected into **colleagues** menu.

The **colleagues** menu contains all of the **colleagues** which accepted the [school license invitation](#), and **school license administrator**.

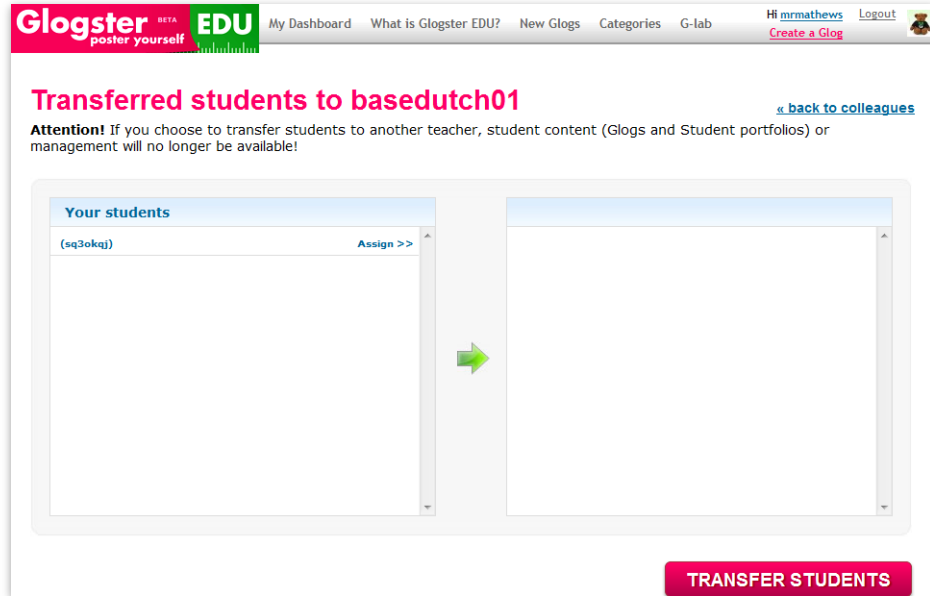

Click the **Transfer students** link located under **colleague** box, **teacher** will attempt to access the **transfer students** menu.

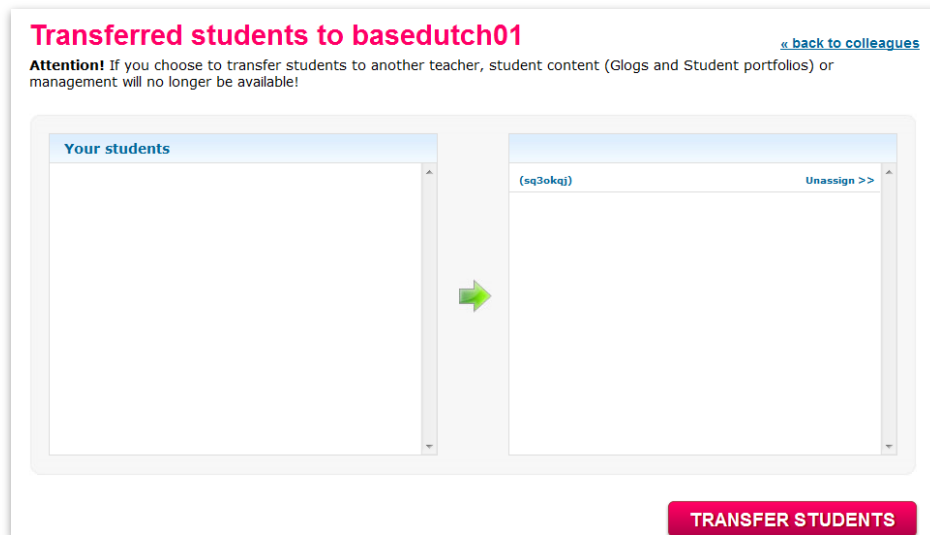

After this action, pop-up shown on this picture will appear.

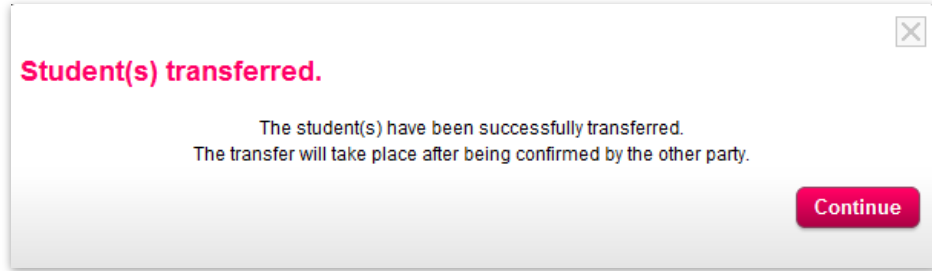

By pressing the continue button, you will access the **transfer students** menu.

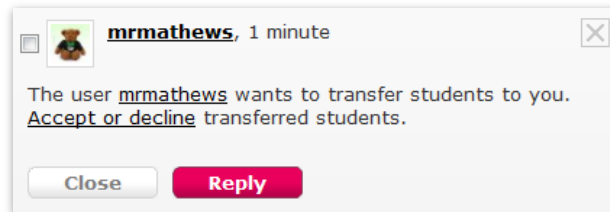

To **transfer students** into a **colleague's account** in order to **change** the primary teacher of **student in question**, the teacher needs to click the **Assign** link of current student located on left side of **transfer students** menu, and confirm by clicking the **Transfer students** button.

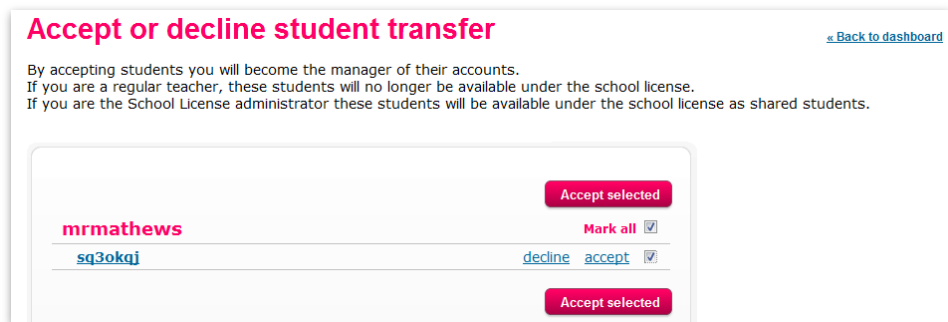

When finished, an informational pop-up as shown below will appear.

After this action, teachers' **colleague** will receive a **message**.

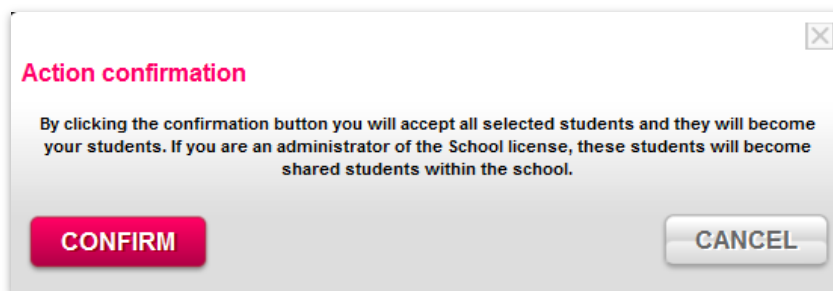

By pressing the **Accept or decline** link located in the **message**, **colleague** will access to **Student transfer** menu.

By selecting the appropriate boxes, a teacher's **colleagues** can **accept or decline** the **students transferred** to their account.

Click the **Accept selected** button, confirmation pop to receive a confirmation shown below.

Click the **Confirm** button, to transfer the students to **his/her account**. The students will then become **private students**.

Thank You!
